IV	**Treasurer's Report**	No report		GBNE	1525	No Report
V	**Committee Reports**	**Rules and Regulations (Proposed)** The Board discussed the review and refinement of its proposed rules and regulations. To finalize the draft, particularly addressing Advanced Practice Registered Nurse (APRN) provisions and incorporating two recent public laws, the Board voted to establish a joint review committee		GBNE	1525	Approved

Item		Discussion	Responsible Party	Reporting Timeframe	Status
		comprising four GBNE board members (P. Calalo, M. Gay, G. Woodard, and K. Ho) and representatives from the Guam Nurses Association (GNA) Nurse Leaders Commission. While welcoming collaborative input from community health leaders, board members emphasized that their primary duty remains public protection and that all proposed regulations must strictly adhere to statutory authority. Additionally, the Board highlighted historical perspectives from past contributors, potential future adjustments to board composition based on National Council of State Boards of Nursing (NCSBN) insights, and the step-by-step implementation of the Nurse Licensure Compact (NLC), starting with RNs followed by APRNs. The Board approved the appointment of four GBNE Board members (PJ, Margarita, Mr. Greg, and Dr. Kathy) to serve on the Joint Rules and Regulations Review Committee with the GNA Nurse Leaders Commission to finalize the proposed rules, regulations, and fee schedule prior to Nurses Month. *Motion to Approve: A. Mendez; 2nd: G. Woodard.*			
VI	**Nursing Education**	P. Calalo congratulated the University of Guam (UOG) School of Nursing for securing an eight-year accreditation renewal from the Accreditation Commission for Education in Nursing (ACEN). Regarding the Guam Community College (GCC), the Board noted that the Certified Nursing Assistant (CNA) and Associate Degree in Nursing (ADN) programs are cleared to start their next cohort, with the caveat that an official warning may be issued if their pass rates drop below the 80% threshold. Additionally, the Board discussed updating the clinical preceptor-to-student ratio within the proposed rules and regulations. Citing recent evidence-based research and recommendations from the National Council of State Boards of Nursing (NCSBN), P. Calalo proposed reducing the current clinical ratio from 1:10 to 1:8 to reduce medication errors, enhance student safety, and improve instructional oversight. Moving forward, the Board will engage in further dialogue with UOG and GCC to assess local staffing feasibility before formalizing the recommended ratio in the updated regulations.	GBNE	1536	Noted
VII	**Executive Officer's Report**	**A. 2026 NCSBN Conferences**		1537	
		i. Board Resolution for Complaint Intake and GBNE CO-26-001 During the Executive Officer report, the Board reviewed complaint case GBNE CO-26-01, a re-submitted matter involving a pediatric patient that had previously been addressed. Following legal counsel's advice, the Board determined that the complaint falls outside its jurisdiction. The Board voted to send a formal letter instructing the complainant to redirect the matter to the Office of Public Accountability (OPA), and second, to officially close case GBNE CO-26-01 and remove it from the agenda. *Motion to Close: G. Woodard; 2nd: K. Ho.*	P. Calalo		Closed

Item		Discussion	Responsible Party	Reporting Timeframe	Status
		iii. HPLO-SOP-11, HPLO-SOP-12, HPLO-SOP-13, and HPLO-SOP-13.1 Prior to adjournment, the P. Calalo addressed the adoption of internal administrative operating procedures. Upon a reminder from HPL Administrator B. Sablan, the Board reviewed and voted to formally adopt Health Professional Licensure Office (HPLO) Standard Operating Procedures (SOPs) 11, 12, 13, and 13.1 for GBNE operations. Following the vote, the Board briefly opened the floor for general discussion before confirming the date and time for its next regular board meeting, scheduled for November 12th. *Motion to Approve: P. Calalo; 2nd: G. Woodard.*			Unanimously Approved
VIII	**Old Business**	**A. Foreign Credential Evaluation Providers** Under Old Business, the GBNE discussed expanding approved foreign credential evaluation providers beyond the board's currently recognized sole provider, Commission on Graduates of Foreign Nursing Schools (CGFNS) (also now known as TruMerit). Board members noted consumer feedback regarding lengthier processing times and limited options under a single provider, whereas other state jurisdictions recognize multiple credentialing bodies. During the discussion, G. Woodard expressed support for adopting the two additional credentialing companies—The Evaluation Company and ERES—stating that if they are accepted by the National Council of State Boards of Nursing (NCSBN), they should be suitable for Guam. K. Ho questioned whether adding these providers would incur costs for the Board; P. Calalo clarified that evaluation fees are paid directly by the applicant, adding that CGFNS remains the most expensive yet most reliable, while the additional providers offer more affordable and accessible options. K. Ho ultimately supported broadening the options to alleviate processing bottlenecks. The Board voted to formally recognize all three foreign credential evaluation providers and incorporate them into the pending rules and regulations revision. *Motion to Approve: G. Woodard; 2nd: K. Ho.*	GBNE	1543	Unanimously Approved

Friars

Continued from Page 20

Leadoff hitter Kole Guerrero started things off with a standup triple to begin the onslaught. The first 14 FD batters got on base off GW starter Talon Taitano. Just like that, it was 12-0 Friars without a single out – with Friars ace Cameron Ayuyu still waiting his turn on the mound.

"In all my baseball career, I've never seen 12 runs without getting an out," said surprised FD manager John Tuquero. "(Talon) is a high-quality pitcher. We just jumped on him quick and the hitting got contagious with momentum."

Without registering a single out, the Geckos were forced to make a pitching change to Theo Jones. That helped (somewhat), but it didn't totally slow down the Friars.

FD spotted a 16-0 lead before its ace pitcher even took the mound. With the huge lead, Ayuyu had no pressure and did what he normally does – 'consistent and commanding' as described from manager Tuquero.

The Friars kept adding to the scoreboard, bringing in two more runs in the second inning and four in the third with the bench getting into the fun before the game was called after only three innings.

At the plate, Nathan Cruz and Ryan Lizama led the 19-hit attack for the Friars. Cruz went 3-for-4 with three RBIs and four runs scored, while Lizama also finished 3-for-4, recording two RBIs and four runs.

Ayuyu, meanwhile, handled the pitching duties for all three innings, allowing just two hits and keeping GW off the board.

Both teams still await for some critical players still playing football, most noticeably Evan Acosta and Skyler Paulino for FD, Ashtyn Gumataotao and Jaydin Martinez for GW.

The Friars are now 2-0, while the Geckos fall to 1-1.

In the other Friday matchup, the Sanchez Sharks and Southern Dolphins played to a 5-5 draw after five innings stopped due to the sunset rule.

$450,000 from fraudulent wagers.

Prosecutors have said Ortiz joined the conspiracy in 2025, citing a game in June last year in which the pitcher received $5,000 for agreeing to throw a certain pitch after conspiring with Clase.

The illegal scheme came to light after betting platforms flagged an unusually large volume of bets on Ortiz's first pitch in a game against the Seattle Mariners on June 15, 2025, and in another game later that month against the St. Louis Cardinals.

A court filing by prosecutors said Clase and Ortiz had "defrauded betting platforms... illegally enriched themselves and their co-conspirators, misled the public, and betrayed America's pastime."

Each defendant faces a maximum sentence of 20 years in prison on wire fraud conspiracy, 20 years for honest services wire fraud conspiracy, five years on conspiracy to influence sporting contests by bribery and 20 years on the money laundering conspiracy charge.
