**AN ACT TO *AMEND* ARTICLE 8 OF CHAPTER 3, TITLE
10, GUAM CODE ANNOTATED, RELATIVE TO
ESTABLISHING GUAM COMMUNITY HEALTH
CENTERS AS AN AUTONOMOUS AGENCY.**

BE IT ENACTED BY THE PEOPLE OF GUAM:

Section 1. Legislative Findings and Intent. *I Liheslaturan Guåhan* finds
that access to comprehensive, high-quality, and affordable healthcare services is a
fundamental necessity for the residents of Guam.

I Liheslaturan Guåhan finds that the current Community Health Centers
Program, administered under the Department of Public Health and Social Services

1 (DPHSS) pursuant to Title 10 GCA Chapter 3 Article 8, requires modernization to
2 fully meet federal compliance standards. The transition of the program to an
3 autonomous agency model will ensure stronger oversight, better governance, and
4 alignment with federal requirements, including the Health Resources and Services
5 Administration (HRSA) Health Centers Program Compliance Manual.

6 *I Liheslaturan Guåhan* finds that that the current community health centers
7 program on Guam faces compliance challenges. The transition of the Guam
8 Community Health Centers as an autonomous agency will address these challenges
9 by ensuring full compliance with federal requirements, including the governance and
10 other standards set forth by the Health Resources and Services Administration
11 (HRSA). This alignment with HRSA guidelines will facilitate the ability to secure
12 and effectively administer federal grants, ensuring the sustainability and expansion
13 of critical health services for Guam's residents.

14 *I Liheslaturan Guåhan* finds that maintaining local control while leveraging
15 federal resources can enhance healthcare delivery. By ensuring the inclusion of
16 patient representation on its governing board, the Guam Community Health Centers
17 will be responsive to community needs, uphold federal standards, and remain
18 accountable to the people of Guam.

19 Therefore, it is the intent of *I Liheslaturan Guåhan* to establish the Guam
20 Community Health Centers as a public corporation and autonomous instrumentality
21 within the Government of Guam, providing it with the authority, governance
22 structure, and resources needed to fulfill its mission of providing basic quality health
23 care to the people of Guam.

24 **Section 2.** Article 8 of Chapter 3, Title 10, is hereby *amended* to read:
