**AN ACT TO *AMEND* §§ 2701, 2702, AND 2703; AND TO
ADD A NEW § 2707; ALL OF ARTICLE 7, CHAPTER 2,
TITLE 10, GUAM CODE ANNOTATED, RELATIVE TO
IMPLEMENTING THE RESTAURANT MEALS
PROGRAM (RMP) UNDER THE SUPPLEMENTAL
NUTRITION ASSISTANCE PROGRAM (SNAP); AND TO
CITE THIS ACT AS THE “MEALS FOR AT-RISK
HOUSEHOLDS ACT OF 2025.”**

1 **BE IT ENACTED BY THE PEOPLE OF GUAM:**

2 **Section 1. Short Title.** This Act may be cited as the “Meals for At-risk
3 Households Act of 2025.”

Section 2. Legislative Findings and Intent. *I Liheslaturan Guåhan* finds that one (1) in five (5) of Guam residents rely on benefits from the U.S. Department of Agriculture’s (USDA) Supplemental Nutrition Assistance Program (SNAP) to supplement their grocery budget so they can afford the nutritious food essential to health and well-being. Locally administered by the Division of Public Welfare within the Guam Department of Public Health and Social Services (DPHSS, Department), SNAP provides federally funded food nutrition benefits to thousands of eligible low-income island residents and households in need. The largest among the USDA’s safety net of domestic nutrition assistance programs, SNAP allocated \$179 Million Dollars to Guam in fiscal year 2023 and distributed this assistance to recipients as electronic benefits transfer (EBT) payments for food purchased at any of Guam’s two hundred forty-three (243) USDA-authorized food retailers. According to the latest SNAP participation and benefits data, thirty-three thousand nine hundred (33,900) SNAP recipients living in twelve thousand five hundred twenty-one (12,521) households in Guam received over \$10 Million Dollars in SNAP payments for the period of November 2024. Whereas, the program’s administrative costs are shared equally by the federal and local government, SNAP benefits are one hundred percent (100%) federally funded, thus generating significant economic activity for food retailers and creating jobs in a variety of sectors.

I Liheslatura, however, finds that purchasing, preparing or storing food can be a challenge for many of the island’s SNAP recipients who are elderly, living with disabilities, or experiencing homelessness, collectively accounting for approximately twenty-three percent (23%) of the SNAP households in Guam. These individuals may find it difficult to prepare meals for themselves; or, in the case of the unhoused, do not have a place to store and cook food. Without tools or appliances, or the physical abilities necessary to prepare their own meals, these households are likely to experience food insecurity due to limited access to nutritionally adequate and safe foods. Food-insecure and low-income people are especially vulnerable to poor nutrition, which is linked with

1 increased risk of diet-related diseases as well as higher healthcare costs and decreased
2 productivity.

3 Seeking to continue this august body's efforts to improve the food security by
4 providing more equitable resources for at-risk residents, *I Liheslatura* finds that existing
5 federal law authorizes the U.S. states and territories to provide greater access to
6 nutritious meals for households who may have barriers to acquiring, preparing and
7 storing food. Currently implemented in nine (9) states, including Arizona, California,
8 Illinois, Maryland, Massachusetts, Michigan, New York, Rhode Island, and Virginia, a
9 federally approved option under SNAP called the Restaurant Meals Program (RMP)
10 allows eligible SNAP recipients who are elderly, living with disabilities, or
11 experiencing homelessness - those less able to use food assistance in traditional ways -
12 with the choice of using their existing EBT benefits at USDA-approved restaurants that
13 offer low-cost meal options.

14 It is, therefore, the intent of *I Liheslaturan Guåhan*, under the authority of the
15 Federal Food and Nutrition Act of 2008, 7 U.S.C. § 2011 *et seq.*, to implement the RMP
16 as an optional component of SNAP no later than January 1, 2026. Subject to
17 amendments by Section 4014 of the Agricultural Act of 2014 to the Food and Nutrition
18 Act of 2008 that include certain oversight provisions for U.S. states and territories that
19 opt to participate in the RMP as part of SNAP, the Department will be responsible for
20 selecting restaurants that meet a documented need in an underserved geographical area,
21 and implementing a system that ensures that only RMP-eligible households can use
22 SNAP benefits at the participating restaurant. All USDA-authorized restaurants
23 approved for participation in the RMP must sign a contract with the Department to
24 provide prepared food at concession prices for SNAP customers.

26 severable.

27 **Section 8. Effective Date.** This Act shall be effective upon enactment.
