BUREAU OF BUDGET AND MANAGEMENT RESEARCH
COMMENTS ON BILL NO. 65-38 (COR)

The proposed legislation intends to amend §1908 of Chapter 19, Title 1 of the Guam Code Annotated relative to the duties of the Public Auditor regarding audits on non-profit and non-governmental organizations that receive funding from the Government of Guam. As stated in the Legislative Findings and Intent of the Bill, even though there are appropriations passed through from the government entities to these non-profit and non-governmental organizations, the current laws are not specific if audits should be conducted with these types of organizations. As a result, it is this proposed legislation's intent to provide the Public Auditor with the authority and discretion to conduct audits of these types of organizations that receive funding from the departments or agencies of the Government of Guam.

The proposed legislation does not contain revenue generating provisions, nor does it appropriate any additional funding source to the OPA. However, the proposed legislation does impose additional mandate to the OPA as it seeks to authorize, albeit at the discretion of the Public Auditor, the audit of non-profit and non-governmental organizations "that have received cumulatively in excess of Two Hundred Thousand Dollars (\$200,000) in one or more fiscal years from any department or agency of the government of Guam".

In the General Appropriations Act of 2025, the amount of \$700,000 is appropriated from the General Fund to the Department of Administration for the Government of Guam's FY2024 Basic Financial Statements and Single Audit Report. The Public Auditor is the stated administrator of such funds who also oversees the annual audit. Given the administrative nature of the proposed legislation, the Bureau does not anticipate a direct fiscal impact to the Government of Guam. However, the Bureau is unable to determine at this time if such annual appropriation for the government-wide audit is sufficient to include the additional costs, if any, of conducting audits of affected non-profit and non-governmental organizations should this proposed legislation becomes law.

The Bureau has not received comments from the OPA on the potential fiscal impact of this proposed legislation as of the time this fiscal note is prepared.
