said Steve Shimizu, president of Marianas Open. "Our competitors, families, professors, and teams embody that mission by competing abroad and continuing to elevate Guam's presence in elite Brazilian Jiu-Jitsu."

Team Guam's presence in Nagoya represents more than participation in an international tournament, according to Marianas Open. It reflects Guam's continued emergence as a respected force in global Brazilian jiu-jitsu and the expanding international footprint of the Marianas Open circuit.

A winner is declared at the Marianas Pro Nagoya tournament held at the Aichi Ken Budokan Main Arena on March 8, 2025.

Athletes will carry forward the island's Hafa Adai spirit while strengthening relationships forged through prior international competition and cultural exchange, Marianas Open said.

It said the Nagoya event underscores the sustained growth of sports-driven travel connected to Guam, reinforcing the island's role within the Pacific and Asian combat sports community.

"As the Marianas Pro Tour continues its international expansion, it strengthens youth devel-

opment pathways, regional collaboration, and long-term sports diplomacy

through martial arts," Marianas Open added. Fans may follow live up-

riors' half-court defense remained disciplined, contesting shots and limiting second-chance opportunities.

To their credit, the Dolphins showed fight in the second half, putting up 10 points in both the third and fourth quarters.

Matthew Quinata and

Noah Taitague led the way with 10 points each, providing the team's most consistent scoring.

But the Warriors' depth and defensive intensity never wavered.

Omar Henser led with 15 points, while Mario Bork and Francis Jones added 10 points apiece, helping the Warriors maintain a comfortable lead throughout the night.

A 19-10 third quarter and a steady 16-14 fourth

sealed the final score at 75-36.

In the end, the Warriors' full-court pressure was the defining factor, a tactical choice that completely disrupted the Dolphins' offensive flow and fueled a steady stream of transition points.

It was a statement win for the Warriors and a tough learning experience for the Dolphins, who will look to regroup and adjust before their next matchup.

Warriors bring the ball up the floor against the Dolphins.

game aggressively, hit a brief lull, but the team's collective hustle kept them within reach.

Rillamas shined in the third, making his presence felt on both ends of the floor—diving for loose balls, attacking the basket and setting the defensive tone.

Still, the scoreboard read 36-35 in favor of St. Paul heading into the fourth.

The final quarter was where JFK shined as they pulled ahead within the first minute, finally flipping the script.

However, with four minutes remaining, the Islanders attempted to manage the clock a little too early, and the Warriors surged back with relentless hustle.

With under a minute to play, St. Paul regained the lead, and the gym tightened with every possession.

The Islanders tried to force the ball to Rillamas in the closing moments, looking to their senior leader

for one last answer.

Instead, the sequence resulted in fouls that gave the Warriors opportunities to extend their advantage.

Late-game heroics

After a missed free throw by Bork, Macapinlac secures the rebound—a moment that changed everything.

Before pushing the ball upcourt, Macapinlac dished to teammate Kalden Kusto, who then cut and received it right back after Macapinlac gained space by crossing the court.

Spotting Yurko sprinting into an open position near the arc, Macapinlac fired the pass ahead.

Yurko rose up with a double-team on him for the final shot: a three-point-er that sent the Islanders' bench and crowd into celebration.

Teammates greeted him with cheers and a crown in recognition of the shot that sealed the 49-48 win.

Rillamas: Player of the Game

While Yurko delivered

the final blow, Rillamas' consistency earned him Player of the Game honors as he kept the Islanders composed when they were trailing and continued to fuel their defensive intensity throughout the night.

"We need to be more disciplined," Rillamas said after the game. "I think we're reaching too much. We're gambling too much, and that leads to our players getting burned on defense and the other team getting easy points."

The senior credits preparation for the comeback effort.

"We had like five 6 a.m. sessions—just a lot of preparation and practice that helped us get the win today."

Despite trailing by one point at the end of every quarter until the fourth, Rillamas said the team never lets the scoreboard dictate its mindset.

"You just play. Don't look at the score—just play your game and trust your practice, and it'll work out," he said. "We're feeling good. We need more practice, though."

Rillamas said the focus now is on the playoffs approaching.

"I definitely think we have the personnel to make it to the championship. We just have to keep up the intensity during practice and play like we're the underdogs. That's all we have to do. I see us on top," he added.

Quarterfinals

The quarterfinals will tip off this Friday, March 6, at 6 p.m. The FD Friars host the Guam High Panthers, the Islanders host the Okkodo Bulldogs, the GW Geckos host the Notre Dame Royals, and the Warriors host the Southern Dolphins.

If Tuesday night proves anything, it's that the championship race will favor the teams that stay composed and execute—even when the margin is just a single point.

became increasingly difficult to maneuver.

GW stayed composed and managed to close it out, 15-13.

Championship match

Academy took the early edge in the 3's, as Lea Ar-omin and Jaedyn Punon-bayang won in straight sets.

Harvest responded in the 1's, with Keisha Chen and Manea Camacho grinding out two close sets, 21-18 and 21-19, to even the overall match.

That left the championship to the 2's.

In a strategic move prior to the championship, both teams adjusted their line-ups.

Harvest's Neisha Chen

and Erica Cassidy faced Academy's Landen DeVe-ra and Carmen Eugenia in what became the deciding battle.

The first set was filled with long rallies and momentum swings, but Harvest stayed composed and sided out late in the set to take it 27-25.

The second set tested both teams physically and mentally as wind and rain intensified, and after briefly trailing, Harvest regained control and closed it out, 21-17, to secure the championship.

Harvest's approach centered on discipline and composure.

"Keeping our cool and reading the shots properly. And minimize our errors and play our best, Cassidy said of their strategy going in.

IV	HPLO ADMINISTRATOR'S REPORT	B. Sablan reported she is the Acting HPLO Administrator, effective October 28, 2024. Regarding the NIC examinations, we have notified all candidates via email concerning the transition to online theory testing. Our current status is as follows: Transition Period: Through the end of 2024, candidates may choose between the online format or the traditional paper-and-pencil exam. Online Testing: Effective January 1, 2025, the theory examination will move exclusively to an online format. Board Preparedness: Board members are continuing their training to ensure we can accommodate rare requests for paper exams during the transition. Technical Status: We are currently resolving website and credentialing issues. We expect technical assistance from PROV by tomorrow (pending the time zone difference) and are working toward a smooth implementation. Regarding practical examinations, I would like to thank Chair A. Taitano-Sablan and M. Tiong for completing their training. I am following up with NIC regarding the third board member's status and will provide further updates as they become available.	HPLO	0922

	<p>D. Stay Fresh Academy Chair A. Taitano-Sablan acknowledged the Board’s receipt of the NACCAS workshop certificate of attendance. In response to the Chair’s inquiry regarding candidacy status, D. Gurwell stated although the NACCAS seminar allows a six-month window for application, the Academy intends to apply by the end or beginning of the year. The school is currently enrolling new students and conducting orientation and protocol training this month. RT, the primary point of contact for the workshop, is currently in the Philippines securing supplies. Upon his return in December, he and D. Gurwell will review the seminar materials and organize the necessary documentation. D. Gurwell reported The Academy is currently awaiting login credentials from NACCAS. Once access is granted, they will begin the electronic application for candidate status, including the submission of all required exhibits and fees. The Board discussed the expiration of the current establishment certificate. Chair Taitano-Sablan proposed an initial extension through the end of December 2024 to allow the Academy time to file for a formal license renewal. M. Tiong clarified that while the Academy is welcome to renew its establishment license, the Board requires a formal status letter from NACCAS confirming that the accreditation process is active and ongoing. VI	<p>OLD BUSINESS</p> <p>a) Rules and Regulations A. Taitano-Sablan reported to the Board that an email was received from the AG's office regarding the review of the Board's rules and regulations, which included a recommendation to incorporate a formal procedure for handling complaints. B. Sablan subsequently emailed the standard operating procedures utilized by HPLO and other boards for reference, and it was stated that these procedures would be reviewed and adapted for inclusion in the draft. Aside from the recommended addition, A. Taitano-Sablan considered the draft ready to move forward, with plans to revise the document accordingly during the week and to conduct one final review prior to initiating the public hearing process and subsequent required steps.</p> <p>b) Complaints</p> <p>1. 	<p>2. Guam International Cosmetology Academy The Board acknowledged that the owner, T. Flores, was present online and proceeded to address her regarding the application requirements for the school. A. Taitano-Sablan informed T. Flores that she must submit a detailed course curriculum breakdown, the school’s policies and procedures, and a floor plan for review. It was clarified that because only one instructor, credentialed in cosmetology, was listed on the application, the program would be limited to a cosmetology program unless additional qualified instructors were added for other programs, such as nail technology or aesthetics. A. Taitano-Sablan further advised T. Flores that the application currently reflects a single program and that all required documentation must correspond to that program. During that six-month period, the school would be expected to begin the first step toward accreditation candidacy, including registration for the pre-candidacy workshop, and proof of such registration would be required if the school intends to seek an extension beyond the initial licensure period.</p> <p>D. Gurwell sought clarification regarding the curriculum submission requirements and informed the Board that the school intends to utilize the Milady curriculum in conjunction with the SEMA format, similar to the format used by GCC, and requested guidance on the level of detail needed.</p> <p>A. Taitano-Sablan clarified that a general progression outline of the course was required, identifying the starting point and overall structure through completion, particularly since the program would likely follow a fast-track model typical of private schools rather than a semester-based format, and emphasized that detailed lesson plans were not necessary. In response to questions about policies and procedures, she advised that the school should submit the student manual currently provided to enrollees, as well as any more comprehensive policies and procedures documents available, and later clarified that a floor plan would not be required at this time.</p> <p>D. Gurwell also addressed the anticipated accreditation timeline, explaining that the school plans to attend the ISS workshop after operating for one year and to prepare documentation in advance so that, upon reaching the 18-month mark, the application for candidate status could be submitted without delay.</p> <p>A. Taitano-Sablan concluded by stating that the Board looks forward to receiving updates within the initial six-month licensure period. Motion to Approve: M. Tiong; 2nd: R. Santos.</p>

Multiple email correspondences were also sent without response, and the AG's office had similarly attempted to reach her through email and phone calls without success.</p> <p>A. Taitano-Sablan emphasized that outreach efforts would continue to inform her of her need to appear before the Board to address her expired credentials. Her inclusion on the meeting agenda was an opportunity for her to address the issue, and her absence led the Board to confirm that she would remain on future agendas until she complies, with the cease and desist letter continuing to be discussed until her appearance.</p>

	<p>1. Blended/Online Theory Instruction</p> <p>The Board met with Ms. Anita, the operator from Heritage Beauty Academy, to review their proposed online blended program for theory instruction. Ms. Anita confirmed that no more than 25% of the total program hours would be conducted online and that she would be the sole instructor delivering the courses. When asked about verifying student participation, Ms. Anita explained that attendance is monitored by tracking students' login activity and the work they complete independently online, rather than observing them live in a virtual classroom.</p> <p>A. Taitano-Sablan clarified that because cosmetology is a contact hour-based profession, self-paced online work does not meet the requirements for contact hours. She emphasized that any approved online blended course must function as a live class to ensure students receive verifiable contact hours.</p> <p>M. Tiong expressed concern about the proposed online theory courses, emphasizing that students should be physically present at the school even when participating in online instruction. She noted that having an instructor present in the classroom is necessary to maintain accountability, as merely logging in online does not guarantee that the student is actively participating. While supportive of offering theory content online, M. Tiong stressed that it should still be conducted in a classroom setting under direct supervision to ensure proper verification of contact hours.</p> <p>L. Taitano, Director of Heritage Beauty Academy, addressed the Board regarding the online theory component of their program. Taitano emphasized that student engagement is tracked through individual login credentials, allowing the school to monitor completion and progress, and students who do not complete their work would be removed from the program. She acknowledged the Board's concerns about accountability and contact hours, agreeing that practical instruction must occur in the classroom with an instructor present, but highlighted that the theory portion could be effectively completed online due to the nature of the curriculum. L. Taitano also noted the challenges students face in balancing full-time work with school attendance, explaining that allowing up to 25% of program hours online would help students manage their schedules without compromising learning outcomes. She offered to provide weekly proof of student participation and suggested that in-person progress checks could supplement the online instruction if required, while emphasizing flexibility and adaptation to current student needs.</p> <p>A. Taitano-Sablan expressed a need for additional time to further discuss the proposed online theory component, acknowledging that virtual instruction is increasingly common. She noted that comparing the program to a degree-based school like UOG is not entirely appropriate, as the Board oversees a contact hour-based trade requiring verified physical hours rather than purely theoretical study. Concerns were raised about accurately tracking student participation when online work is completed independently, as individual pacing varies, making regulation of contact hours challenging. She emphasized that this was not a rejection of the proposal but indicated a desire to review how other states manage similar programs and to explore potential options that would align with their requirements before making a determination.</p> <p>R. Santos acknowledged and commended Heritage Beauty Academy for its innovative approach to supporting student success but emphasized that online instruction is a new process for the Board as well. He stressed the importance of collaboration to ensure students are actively participating and learning, noting that while the Pivot Point curriculum has been long established, Heritage is a new school seeking accreditation, and the Board must have clear oversight of student progress and engagement.</p> <p>A. Taitano-Sablan informed Heritage Beauty Academy that no decision would be made regarding the proposed blended online theory instruction during the current meeting. Re: Support for Students of Stay Fresh Academy

Buenas yan Håfa Adai Chairperson Ashley Taitano-Sablan and Board Members,

As a duly elected representative of the People of Guam in the 38th Guam Legislature, I write in support of the students formerly enrolled at Stay Fresh Academy who are currently seeking recognition of the instructional hours they completed in good faith. The current statute reads as follows:

§ 18115. Eligibility and Qualifications for Cosmetologist License. Examination. The Board shall administer examinations for a license for cosmetologists during a Board meeting duly held for the purpose of administering examinations to applicants who have made the proper applications for such license and who has qualified as follows:

- (a) who is not less than eighteen (18) years of age;
- (b) who has had any one (1) of the following:

(1) completed a certified cosmetology program of at least one thousand six hundred (1,600) hours extending over a school year of not less than nine (9) months from a school of cosmetology approved by the Board;

(2) practiced cosmetology, as defined in this Chapter, outside of Guam for a period of time equivalent to the study and training of a qualified person who has completed a course in cosmetology from a school curriculum which complied with requirements adopted by the Board; or

(3) holds a current unrestricted valid cosmetologist license issued by a State or Territory of the United States in good standing, whose license requirements in the judgment of the Board are equal to or greater than Guam's.

I respectfully urge the Board to consider exercising discretion to officially recognize the instructional hours completed by these students. While the integrity of professional licensing must be maintained, doing so without appropriate consideration of the circumstances these students are impacted by sets a dangerous precedent moving forward.

These students should not be made to shoulder the financial and professional consequences of institutional noncompliance for which they were neither responsible for nor informed about.

Each student would still be required to demonstrate competency by successfully passing the required examinations. This ensures that professional standards are upheld while providing students with a fair opportunity to prove that they have acquired the knowledge and practical skills necessary for cosmetology licensure.

At a minimum, I am formally requesting that the Board allow students who have met the instructional hours mandate to sit for the required examinations, without imposing apprenticeship requirements.

By allowing them to test, students will have the opportunity to demonstrate to the Board that they obtained the necessary knowledge and skills to protect the public, honoring both the integrity of licensure standards and the substantial time and training these students have already invested.

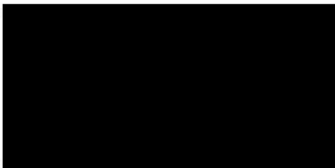

If the board wishes to discuss this further, please feel free to call (671)969-3586 for scheduling.

Thank you for your time, consideration, and continued service to our island community. I await your favorable response.

RE: Appeal of Denial — Cosmetology Examination and Apprenticeship Application / Enclosed Documentation Package

Dear Honorable Senator Sabrina Salas Matanane and Members of the Guam Board of Barbering and Cosmetology,

Please find enclosed herewith the complete appeal documentation package submitted on behalf of Tianna Jean Cruz in connection with the Board's denial of her applications for cosmetology examination and apprenticeship.

Ms. Cruz respectfully submits this package in good faith and in full cooperation with the Board's review process.

This package contains the following documents:

1. Formal Appeal Letter

A detailed written appeal addressing the grounds for denial, Ms. Cruz's fulfillment of all program requirements, and her good-faith reliance on Stay Fresh Academy's licensing compliance.

2. Documented Timeline of Events

A comprehensive chronological account of relevant dates, including Ms. Cruz's enrollment, completion of the required 1,600 training hours, the expiration of Stay Fresh Academy's license in January 2025, the issuance of the cease and desist order in December 2025, and Ms. Cruz's notification of the licensing discrepancy on February 9, 2026.

3. Supporting Letters from Affected Students

Written statements from fellow students who completed their coursework at Stay Fresh Academy under the same circumstances, attesting to the quality and completion of their training and their shared good-faith reliance on the school's licensing status.

4. Supporting Documentation

Copies of relevant records, including Ms. Cruz's certificate of completion, citations from board minutes, and citations from transcripts during board meetings where relevant matters were discussed.

Ms. Cruz respectfully requests that the Board review the enclosed materials in their entirety and give due consideration to the circumstances described therein. She remains available to provide any additional information or to appear before the Board at its convenience.

Thank you for your time and attention to this matter.

Respectfully submitted,

Tianna Jean Cruz

Guam Board of Barbering and Cosmetology

c/o The Honorable Sabrina Salas Matanane

Dear Honorable Senator Sabrina Salas Matanane and Members of the Guam Board of Barbering and Cosmetology,

I am writing to formally appeal the Board's decision to deny my applications for examination and apprenticeship in cosmetology. I have diligently fulfilled all requirements outlined for candidacy, including the successful completion of 1,600 hours of cosmetology training at Stay Fresh Academy under the supervision of a licensed instructor. I submitted all required documentation in accordance with the application guidelines.

Certain administrative matters related to the school's licensure status have impacted the processing of my application. Stay Fresh Academy's license expired in January 2025, and a cease and desist order was not issued until December 2025. I received verbal notification of discrepancies regarding the school's license status on February 9, 2026. These matters were beyond my control and did not stem from any deficiency on my part in meeting the criteria for examination or apprenticeship eligibility.

I respectfully request that the Board consider my good faith reliance on the school's licensing compliance, as well as the Board's enforcement of its licensing policies, when evaluating my appeal. I enrolled, completed my required hours, and fulfilled my obligations as a student under the reasonable belief that the institution was operating in compliance.

I also note that the Board has previously shown consideration for students affected by school closure or licensing issues, such as in the instance of Mariacy Beauty Academy. Given that my program was conducted under the supervision of a licensed instructor, which was then noted as a key determining factor, and that I successfully completed the full 1,600-hour curriculum, I believe my circumstances warrant similar review. For your reference, I have prepared a documented timeline of events, relevant citations from Board proceedings, and supporting materials, which are attached to this correspondence.

To facilitate this appeal, I respectfully request a detailed written explanation of the specific administrative grounds for denial, including identification of any alleged deficiencies on my part in the application process. I would also appreciate guidance on any additional steps necessary to remedy the situation. Additionally, I respectfully request the opportunity to appear before the Board for further discussion, should it deem a hearing appropriate.

Thank you for your time and consideration. I value the Board's responsibility in upholding professional standards and remain fully committed to obtaining licensure and contributing positively to Guam's cosmetology community. I look forward to your response.

Sincerely,

Tianna Jean Cruz

Issues for Legislative Review

- Delay between January 2025 expiration and December 2025 enforcement action. The issue was never discussed at board meetings or presented to the public
- Retroactive exclusion of instructional hours earned during continued operation.
- Consistency of discretionary flexibility across institutions.
- Impact on students who relied in good faith on continued institutional operation.

Requested Remedy

- Reconsideration of the February 9, 2026 decision denying examination eligibility.
- Recognition and honoring of instructional hours accumulated between January 6, 2025 and November 3, 2025 toward the 1,600-hour requirement. Honoring of instructional hours, prior to cease and desist
- Review of potential remedial measures where delayed enforcement may have contributed to student harm.

In the alternative, consideration may be given to conditional approval to sit for examination, limited supplemental hours if necessary, or administrative clarification to prevent recurrence. This request is respectfully submitted for equitable review based on the documented record.

Note that the Legislature has taken steps to ensure that any protected personal identifying information has been redacted or excluded in whole or in part in order to protect the privacy of any individual(s) whose information has been included as part of this transmittal.

IV	HPLO ADMINISTRATOR'S REPORT	The report covered several updates. First, there were initial technical difficulties with the theory examinations, primarily related to time zone issues, but these have now been resolved. However, one applicant's attempt to take both the theory and practical exams on the same day caused delays, especially since they did not have their photo ID, which is required for verification. Moving forward, it was suggested that applicants should not schedule both exams on the same day. Efforts to offer practical exams remotely are still in progress, with hopes of rolling it out within the current fiscal year. Additionally, the board was informed that there is no update on the ethics training calendar for this fiscal year yet, but it will be shared once available. A total of 49 applicants participated in the practical

The report covered various object classes, including travel (220), contractual (230), supplies (240), equipment (250), and miscellaneous payments, which primarily consist of board stipends. A portion of the budget, such as for travel and equipment, is held in reserve until specific requests are submitted. The available balance for each category with expenditure was noted. Funds for travel and equipment are only released when requests are made, based on quarterly fiscal requirements.</p> <p>The report also touched on revenue collected from license fees, with \$132 collected in October 2024, though data for November, December, and January is not yet available. 	A. <u>Marines Beauty Academy</u> The board discussed the situation regarding <u>Marines Beauty Academy</u> , which had been granted a 30-month establishment license based on the assumption that a new owner would take over the school. However, the potential new owner has now pulled out, and the school is not moving forward with new ownership, meaning the reason for granting the extension is no longer valid. The board questioned whether the establishment license should remain valid, given that the school is still under the original owner who failed to begin the accreditation process within the two-year timeline. The school had been expected to complete specific accreditation requirements, such as attending workshops, but these requirements were not fulfilled. A. Taitano-Sablan proposed allowing the school until February 28th to inform their students about the situation and give them time to make arrangements. <u>Further concerns were raised about whether the school currently has certified instructors, as this is a key factor in determining whether the school can continue operations under its current status.</u> <u>After discussion, a motion was made to allow the establishment license to expire on February 28th, giving the school a few more weeks to provide clarification.</u> The board agreed to revisit the situation in the March meeting, <u>allowing the school to present any additional information or plans to continue operations.</u> <i>Motion to Approve New 02/28/2025 Expiration Date: J. Dear Senator,

I'm writing this letter to ask for your help in the situation we are in right now with the Guam Board of Barbering and Cosmetology. Until now our future of becoming a future licensed Cosmetologist is on hold due to reasons that we had no control over as a student.

I went to Stay Fresh Academy with one goal, to become a licensed hairdresser, my long overdue dream. But now, with all the effort, sacrifices, and irreplaceable time spent juggling my time with my full time job, my training in the school and my family life is likely to be thrown away with one decision.

I hope you can help us on our petition to acknowledge our training hours for us to apply and to take the board exam for cosmetology. We are all hoping and praying you consider our petition.

Sincerely yours,

Rinalyn D Ocampo

Van Aigene Shoaf

To Whom It May Concern,

My name is Van Aigene Shoaf. I am writing with respect and hope regarding the recent decision about my school.

I enrolled in September 2024 because I truly believed this school would help me complete my requirements and allow me to take the board examination. Becoming a licensed cosmetologist has been my dream for a long time. This is not just a career for me — it is my passion and my way to help support my family.

When I enrolled, I trusted that the school was properly recognized and would guide us toward licensure. I dedicated my time, effort, and full focus to my studies. My family and I invested a significant amount of money for tuition, supplies, and other expenses. We made sacrifices because we believed this was the right path for my future.

The sudden closure of the school and the Board's decision have been very painful and discouraging. I have lost valuable time, financial resources, and the opportunity to move forward with my dream. This situation has placed emotional and financial stress on me and my family.

I respectfully ask the Board to please reconsider its decision or provide guidance that would allow students like me to continue toward licensure. We enrolled in good faith and were not aware of any issues. We only wanted to pursue our education honestly.

Becoming a cosmetologist is my dream and my only clear path right now to help my family and build a stable future. I sincerely hope you will consider my situation with compassion and understanding.

Thank you very much for your time and consideration.

Respectfully,

Evangeline Bolinao

To Whom It May Concern,

My name is Evangeline Bolinao. I am writing this letter to respectfully share how the closure of my school and the Board's decision has deeply affected me both personally and professionally.

I enrolled in the program in September 2024 with the full belief that this school would help me complete my education and qualify to take the board examination. I was assured that this program would provide the necessary credits and preparation to achieve my professional goals. Because of this, I gave my full commitment, time, and trust to the school.

From the time I enrolled until the school closed, I dedicated myself one hundred percent to my studies. I rearranged my personal, family, and work responsibilities to focus on this program. I invested a significant amount of money for tuition, fees, materials, transportation, and other related expenses. These payments represented my hard-earned savings and sacrifices made by my family and myself.

Unfortunately, the sudden closure of the school and the Board's decision to deny recognition have placed me in a very difficult position. We were not properly informed that this situation would happen. We trusted that the school was operating legally and would be able to help us move forward toward licensure. Had we known earlier, we would have made different decisions for our education.

Because of this situation, I have lost valuable time that I could have spent studying in an accredited program. My plans to take the board exam have been delayed. This affects not only my career but also my ability to support my family. I now face uncertainty, financial strain, emotional stress, and the burden of starting over.

This experience has been extremely discouraging and painful. I worked very hard, stayed focused, and followed all requirements in good faith. It is heartbreaking to realize that despite my efforts, I may not receive the credits I was promised.

I respectfully ask the Board to consider the hardships that students like myself are facing. We were not responsible for the school's closure. We only wanted to pursue our education honestly and lawfully. I sincerely hope that the Board will take into account our situation and provide guidance, reconsideration, or any possible remedy that may help us continue our professional journey.

Thank you very much for taking the time to read my statement. I truly appreciate your understanding and compassion regarding this matter.

Note that the Legislature has taken steps to ensure that any protected personal identifying information has been redacted or excluded in whole or in part in order to protect the privacy of any individual(s) whose information has been included as part of this transmittal.

Chair and Members

Guam Board of Barbering and Cosmetology

Dear Chair and Members of the Board,

I am writing to share how the Board's recent decision has personally affected me. I enrolled in cosmetology school on December 2, 2024, committed to completing my education and working toward licensure.

From December 2, 2024 through December 1, 2025, I attended school approximately four hours a day, five days a week, totaling about 1,036 hours of training. This required significant time, effort, and sacrifice, including time away from my family.

The Board's decision would effectively invalidate nearly all of the work I completed during that period. I respectfully ask that you consider the dedication I put into my schooling and the real human impact this decision has on me and my family.

Thank you for your time and consideration.

Sincerely,

Naidan Perman

Guam Board of Barbering and Cosmetology

Dear Chair and Members of the Board,

I began cosmetology school full time on October 25, 2025, and made payments toward my tuition that I will never recover. Although I did not spend as much time there as some other students, the time and effort I invested are still deeply valuable to me.

I am now attempting to transfer my earned hours to another institution, but I am facing hardship due to the ruling regarding Tianna's application. This situation has created uncertainty and difficulty for students like myself who pursued our education in good faith.

I respectfully ask that you reconsider your decision—not only for my sake, but for everyone who has been affected. Behind each set of hours is a person who worked hard, made sacrifices, and believed in the opportunity to build a future in this profession.

Thank you for your time and thoughtful consideration.

Sincerely,

Julia Rose De Leon Tajeron

Chair and Members

Guam Board of Barbering and Cosmetology

Dear Chair and Members of the Board,

I am writing to explain how the Board's closure of the school has affected me. I began cosmetology school on August 20, 2025. As a result of the Board's action, all of the hours I earned prior to the school's closure would be nullified.

From August 20, 2025 through December 1, 2025 (approximately 15 weeks), I attended school about six hours per day, five days per week. This totals approximately 450 hours of completed training.

I worked hard to save the money for my deposit and continued working my part-time job in the evenings while attending school full time in the mornings. This required dedication, discipline, and sacrifice.

I respectfully ask the Board to consider the effort I put into my education and the personal impact of losing the hours I completed in good faith.

Thank you for your time and consideration.

Sincerely,

Re: Appeal for Reconsideration of Student Hours – Stay Fresh Academy (SFA)

Dear Members of the Board,

I am writing this appeal on behalf of the students formerly enrolled at Stay Fresh Academy (SFA), whose education and licensure pathways have been abruptly disrupted through circumstances entirely outside of their control.

One of the primary reasons Tiara and I made the decision to open Guam International Cosmetology Academy (GICA) was to provide a viable and ethical solution for the stranded SFA students—students who paid tuition, attended classes, completed coursework, and accrued hours in good faith with the reasonable expectation that their hours would be honored toward licensure.

While I understand and respect that the Board's decision was based on the licensing status of the school itself, that determination does not negate the reality that these students relied on the Board's oversight in enrolling, attending, and continuing their education at SFA. These students fulfilled their obligations as students and should not be penalized for administrative or licensing deficiencies beyond their knowledge or control.

When I resigned from SFA, I did so with the expectation that the Board would approve student hours accrued up through December 25, 2024. That expectation formed the basis for my submission of individualized letters on behalf of each student documenting their attendance and hours.

Respectfully, I must ask the Board to consider the following questions:

- If the Board was not planning on accepting hours for all students who applied, why was SFA permitted to remain open?
- Why was SFA allowed to enroll new students and accept tuition—particularly from the most recent cohort—if those students' hours were at risk of not being recognized?

As a newly established school, GICA will maintain full documentation for all students continuing their education with us. We are prepared to verify enrollment, attendance, and continued progress for every former SFA student who transitions to our institution.

I respectfully request that the Board reconsider its decision and allow GICA to properly absorb these students, recognize their previously accrued hours, and permit them to continue their education toward completion and licensure.

Note that the Legislature has taken steps to ensure that any protected personal identifying information has been redacted or excluded in whole or in part in order to protect the privacy of any individual(s) whose information has been included as part of this transmittal.

It is important to note that GICA is absorbing these students at a financial loss. We are not charging full tuition in order to alleviate the severe hardship these students are facing. However, the loss extends beyond tuition—it includes the significant time, effort, and commitment each student invested toward their professional future.

These students acted in good faith. They showed up, completed the work, and trusted that the system in place would protect their progress. They are now in a dire situation through no fault of their own.

I am fully willing to work collaboratively with the Board to reach a fair and reasonable resolution that prioritizes student protection, educational continuity, and the integrity of the profession.

Thank you for your time, consideration, and continued service to the cosmetology community of Guam.

Respectfully submitted,

PETITION FOR ACKNOWLEDGMENT AND ACCEPTANCE OF STUDENT TRAINING HOURS

Before the Guam Board of Barbering and Cosmetology

I. INTRODUCTION

This Petition is submitted on behalf of the undersigned students (hereinafter "Petitioners") who enrolled in and attended **Stay Fresh Academy** for the purpose of completing required cosmetology training hours necessary to qualify for apprentice licensure and eligibility to sit for the Board examination.

Petitioners respectfully request that the Guam Board of Barbering and Cosmetology (hereinafter "the Board") **acknowledge and accept all hours completed in good faith** during their enrollment at Stay Fresh Academy, notwithstanding the Board's position that the school's license expired in or around **December 2024**.

II. STATEMENT OF FACTS

1. Petitioners enrolled at Stay Fresh Academy in **good faith**, relying on representations that the school was authorized to operate and that completed hours would be recognized by the Board.
2. Petitioners **paid tuition and associated fees**, incurred educational expenses, and dedicated substantial time and effort to attend classes and practical training with the express purpose of:
 - o Completing required cosmetology hours;
 - o Obtaining apprentice licensure; and
 - o Becoming eligible to apply for and sit for the Board examination.
3. Petitioners had **no control, authority, or knowledge** regarding the administrative licensing status of Stay Fresh Academy and reasonably relied on:
 - o The school's continued operation;
 - o Ongoing student enrollment;
 - o The Board's awareness of the school's activities; and
 - o The Board's acceptance of student-related documentation, including letters for graduating students.
4. The Board **knowingly allowed Stay Fresh Academy to continue enrolling students and collecting tuition** while asserting that the school's license had expired in December 2024.
5. At no point were Petitioners formally notified by the Board that:

- The school was allegedly operating without a valid license; or
 - Hours completed during this period would be subject to rejection or invalidation.
-

III. EQUITY AND FAIRNESS CONSIDERATIONS

1. Petitioners acted **diligently, faithfully, and in reliance on the regulatory framework** established and enforced by the Board.
 2. Penalizing students by rejecting their completed hours would:
 - Result in significant financial harm;
 - Nullify months or years of educational effort; and
 - Unfairly delay or prevent entry into the cosmetology profession.
 3. The doctrine of **equitable reliance** and principles of fundamental fairness dictate that students should not bear the consequences of:
 - Administrative lapses;
 - Regulatory enforcement failures; or
 - Licensing disputes beyond their control.
 4. Petitioners did not contribute to, cause, or benefit from any alleged licensing deficiency and should not be made to suffer for circumstances attributable to the school administration or regulatory oversight.
-

IV. BOARD RESPONSIBILITY AND OVERSIGHT

1. The Board is charged with protecting the public and regulating schools, **not punishing students** who act in good faith.
 2. By allowing the school to continue operating, enrolling students, and submitting documentation without immediate intervention, the Board effectively permitted reliance by students on the school's status.
 3. Acceptance of graduating student letters and continued tolerance of operations created a **reasonable expectation** that student hours would be honored.
-

V. REQUEST FOR RELIEF

Petitioners respectfully request that the Board:

1. **Acknowledge and accept all cosmetology training hours** completed by Petitioners at Stay Fresh Academy during the relevant enrollment period;
2. Permit Petitioners to:
 - Apply for apprentice licensure;
 - Proceed with Board examination eligibility; and

- Move forward in their professional careers without penalty;
 - 3. Refrain from imposing disciplinary or adverse consequences upon students arising from the alleged expiration of the school's license;
 - 4. Grant such other and further relief as the Board deems just, equitable, and consistent with its mandate.
-

VI. CONCLUSION

Petitioners sought education, complied with attendance and training requirements, paid tuition in full or as agreed, and relied on the oversight of both the school and the Board. **Justice and equity require that their earned hours be recognized.** Students should not suffer irreparable harm due to administrative or regulatory failures beyond their control.

Respectfully submitted,

Re: Instructor Conduct, Student Continuity, Supervision, and Accreditation – Stay Fresh Academy Transition

Dear Members of the Board,

I am writing on behalf of Guam International Cosmetology Academy, LLC (“GICA”) to notify the Board of concerns regarding a licensed instructor who previously owned and operated Stay Fresh Academy.

During his prior ownership of Stay Fresh Academy, certain administrative and compliance obligations were not fully met. Several students recently enrolled at Stay Fresh Academy have since transferred to GICA, and we have identified unresolved matters that originated prior to their enrollment with our institution.

While associated with GICA, the instructor has not consistently fulfilled all professional obligations regarding a timely response to the Guam Board of Barbering and Cosmetology, placing potential risk to the Academy’s operations and it’s students. GICA maintains that these prior deficiencies are solely attributable to the instructor and are not reflective of the Academy, its management, or its policies.

Should the Board reverse its prior decision regarding recognition of student hours, we respectfully request that the instructor continue to instruct with GICA until all affected students complete their educational programs. To ensure full compliance and protect the integrity of both the students' education and the Academy, I personally will supervise the instructor at all times during this period. All instruction, recordkeeping, and student support will be directly monitored under my oversight.

Additionally, GICA will continue to move forward on a path toward full accreditation within the 12-month timeframe allowed, ensuring that all operational, instructional, and regulatory standards are met. This commitment, combined with direct supervision, is intended to mitigate any risk associated with prior actions at Stay Fresh Academy and to guarantee proper completion of students' education.

GICA remains fully committed to compliance, transparency, and student welfare and seeks to cooperate fully with the Board. We are prepared to provide any supporting documentation or further clarification the Board may require regarding this matter.

Respectfully,

Tiara Marie Flores

Subject: Licensure for Students of Stay Fresh Academy

CAUTION: This email originated from outside of the Government's Network. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Director Arriola,

Buenas yan Háfa Adai. Our office respectfully requests your review and guidance regarding several constituents whose cosmetology examination eligibility applications were denied.

The affected students completed their cosmetology training at Stay Fresh Academy between September 2024 and November 2025. Documentation provided to our office reflects that at least one student completed the full 1,600-hour curriculum under a licensed instructor's supervision and received certification from the school confirming program completion. However, the establishment's license expired in January 2025, and a cease and desist order was not issued until December 2025. On February 9, 2026, the Board disapproved examination eligibility because hours obtained after the license expiration could not be honored.

These students only seek the opportunity to work and obtain licensure. Many have invested substantial personal savings and made family sacrifices to pursue this profession as a pathway to stable income and long-term economic security. Timely licensure is critical not only to their livelihoods but also to ensuring that qualified, properly trained professionals can enter the regulated cosmetology workforce lawfully and compliantly.

The students assert they completed their hours in good faith, without notice of any licensing deficiency. They state the lapse and enforcement timing were outside their knowledge or control. They further indicate that retroactively excluding hours earned between license expiration and formal enforcement has caused significant financial hardship and career uncertainty.

We humbly request your guidance on remedies available for the students in this situation. Thank you for your attention to this matter. Please let us know if you need any further information or clarification. Attached is a packet with constituent information and letters regarding the situation.

Sinseru yan Minagahet,
Tina Rose Muna-Barnes
