6	John McKinnon	6	05/06/2022 - 05/05/2028
7	Roland C. Biscoe	6	05/06/2019 - 05/05/2025
8	Juno Eun	2	05/06/2023 - 05/05/2025

The statistical information presented in this report has been compiled from the 2024 Annual Statements filed with this office. The report also contains a directory of licensed insurance companies arranged by class and selected industry characteristic, covering calendar year 2024.

The Regulatory Division of the Department of Revenue and Taxation, under the supervision of the Commissioner, regulated two hundred fifty three (253) insurers transacting insurance business in Guam. Among the two hundred fifty three (253) insurers are: thirteen (13) domestic companies and three (3) domestic captive insurance companies, two hundred four (204) foreign companies and thirty three (33) alien companies.

Of the two hundred fifty three (253) companies, eighty nine (89) are engaged in providing coverage for property and casualty lines, eighty five (85) in life & health, five (5) in title guaranty, eighteen (18) in fidelity and surety, fifty three (53) in approved reinsurance and three (3) in captive insurance.

There were 8 insurance companies newly admitted, approved or reactivated in 2024:

Name of Insurance Company	Admission Date
Berkshire Hathaway Specialty Insurance Company	6/10/2024
Family Life Insurance Company	7/1/2024
American Family Connect Property and Casualty Insurance Company	8/8/2024
Tokio Marine GRV Re, Inc.	8/12/2024
United States Fire Insurance Company	9/10/2024
Newpoint Reinsurance Company Limited	9/27/2024
American Agricultural Insurance Company	10/24/2024
The Allianz Fire & Marine Insurance Japan, Ltd	12/26/2024

There were 4 insurance companies that withdrew in 2024.

Name of Insurance Company	Withdrawal Date
American Modern Home Insurance Company	2/14/2024
AXA Insurance Company	5/7/2024
Transamerica Casualty Insurance Company	9/9/2024
Genesis Underwriters Ltd	10/3/2024

In calendar year 2024, the insurers generated premiums written of \$618.4 million, a slight decrease from the \$618.5 million written in 2023.

The assets of the foreign and alien companies in the year 2024 are at \$3.17 trillion. The domestic and captive insurance companies in the year 2024 have \$645 million in assets, \$35.3 million in capital and \$292 million in surplus.

All insurers admitted in Guam maintain deposits with this Department at \$8.14 million for the protection of policies sold in Guam.

State Based Systems (SBS)

On March 20, 2024, the Insurance and Banking Branch transitioned and went live on the SBS for the July 1, 2024 licensing period. SBS is a web based National Association of Insurance Commissioners (NAIC) application that supports state insurance regulation functions. With the integration of NAIC and the National Insurance Producer Registry (NIPR) services, the Branch accepted via NIPR online submissions of new and renewal license applications (Insurance Producer, Adjuster, Broker and Surplus Line Broker), appointments and termination of appointments, Line of Authority additions and address and name changes. Required documents are submitted online and uploaded as attachments using NIPR's Attachment Warehouse. All active licensees use the License Manager to view their license information and print their active licenses online. The online service has allowed the Branch to efficiently regulate and manage the Insurance Producer licensing and continuing education requirements, for residents and non-residents alike.

System for Electronic Rate and Form Filing (SERFF)

SERFF Filing Access (SFA) went in production for Guam in 2024. The new interface provides consumers and other interested parties the ability to access Rate and Form filings via the internet that has been marked as available or marked public.

Some of the model laws that we continue to recommend to be adopted are as follows:

Model Laws and Regulations	Purpose
Market Conduct Regulation Law	Requires insurance companies to be in compliance with laws and regulations other than those related to financial solvency. Market regulation complements financial solvency regulation. Problems spotted during a market conduct review can be a precursor to financial solvency concerns. Market regulation also evaluates companies' fulfillment of contractual obligations to their policyholders and claimants.
Producer Licensing Model Act	Requires qualifications and procedures for the licensing of insurance producers. It simplifies and organizes some statutory language to improve efficiency, permits the use of new technology and reduces costs associated with issuing and renewing insurance licenses.

We firmly believe that the above listed model laws and regulations are the bare minimum that must be adopted in order to protect the consumers in Guam.
