COUNTRY OF CITIZENSHIP: United States of America

HIGHEST FEDERAL CIVILIAN GRADE HELD: GS-0457-09

EDUCATION: High School: George Washington High School (PO Box DE, Hagatna, Guam, 96932); Diploma received June, 1990.

College: University of Guam (UOG Station Mangilao, Guam, 96913)

Degrees: Bachelor of Science in Agriculture, May 1998

Major Field: Horticulture

Master of Science in Environmental Science,
December 2003

PROFESSIONAL EXPERIENCE:

EMPLOYER: College of Natural and Applied Sciences, University of Guam (UOG Station Mangilao, Guam, 96913)

October 2015- Present: Current Supervisor: Dr. Tanisha Aflague –
taflague@triton.uog.edu

Position Title: Extension Agent II/Instructor (Oct. 2015 – Aug. 2019 & Extension III/Assistant Professor (Aug. 2019 to Present), University of Guam, Agriculture and Life Sciences, College of Natural and Applied Sciences Cooperative Extension Service, Cooperative Extension & Outreach, Agriculture and Natural Resources Division, 40 hrs/week

Duties include, but not limited to:

- Plan, organize, implement and evaluate non-formal Extension education programs in tropical horticulture for Guam and the Western Pacific
- 5% Creative Scholarly Activities or Research and 15% University and Community Service as well as a minimum of 80% within the primary endeavor (Extension and Community Outreach)

- Develop effective, science-based tools for local fruit, vegetable and ornamental crop production to enhance the productivity and sustainability of locally-grown crops.
- Teach two college level course (with lab) or equivalent to 3 contact hours in his/her area of discipline per academic year and participate in University and College committees as well as community service and research endeavors.
- Conduct training and create and provide research-based information to clientele (leaflets, flyers, bulletins, etc.), with on small farm food and ornamental crop production, including small-scale mixed crop production, organic farming, agroforestry, and subsistence farming within a tropical island context.
- Assess community needs, plan, implement, and evaluate an effective outcome-based program that supports identified issues in the local farming and gardening communities. Effectively report, market, and interpret results of programming efforts.
- Develop and maintain positive relationships among diverse groups and stakeholders to assess community needs and concerns, to leverage efforts with local agencies, and to evaluate programmatic performance related to the island's local "green industry" food production, and plant management.
- Collaborate with other Extension faculty and staff and various local and federal agencies (e.g., USDA-NRCS, Government of Guam Department of Agriculture, etc.) to plan, execute, and evaluate programs related to local and regional agricultural and natural resource initiatives.
- Develop and carry out the plans of work approved by USDA-NIFA.
- Consult the general community on agriculture crop production and general horticulture issues
- Consult general public on native plants/forestry issues.
- Work with native plant groups (Guam plant identification, management pests and diseases of native plants, propagation and outplanting of native plants.
- Seek extramural grant funding that supports Land Grant mission.

EMPLOYER: United States Department of Agriculture (USDA), Natural Resources Conservation Service (NRCS) (770 East Sunset Blvd, Suite 270, Tiyan, Guam, 96913)

December, 2007- October, 2015 Supervisor: Jocelyn Bamba, District Conservation,
NRCS
Guam Field Office
(671)300-8591 Cannot be contacted (changed position)

Position Title: Soil Conservationist GS-0457-09 Soil Conservationist (Non-Supervisory)

Duties include, but not limited to:

- Provide conservation planning assistance to landowners and operators in the Guam Soil and Water Conservation District, including financial and technical assistance in applying conservation practices on respective lands

- Gather complete data for development of Food Security Act compliance plans and NRCS conservation plans on farms and ranches, including abiding to the National Environmental Protection Act (NEPA).
- Develop and manage long term agreements derived from USDA grant programs (for various cost share programs available to landusers eg: Farm Bill Environmental Quality Incentives Program contracts).
- Periodically serve in an administrative capacity (Acting District Conservationist) concerning the application of those programs assigned.
- Inform and advise landowners of measures necessary to adequately install and maintain management systems consisting of conservation practices.
- Inspect and certify applied conservation practices in accordance with NRCS conservation practice standards, eventually resulting in reimbursement payments to Farm Bill cost-share program participants.
- Provide biological/forestry technical assistance to Pacific Basin Area Office, i.e. conducting Ecological Site Description, and all other related biology functions. Including working with State Forester on Marianas native plants appropriate for native habitat restoration and native tree windbreaks.
- Work closely with other agencies, and represent NRCS at professional meetings in order to facilitate close cooperative working relationships with all conservation partners.
- Work with NRCS office tools efficiently including ToolKit (ArcMAP), ProTracts.

EMPLOYER: Forestry & Soil Resources Division, Department of Agriculture, Government of Guam (163 Dairy Road, Mangilao, Guam, 96913)

July, 2004-December , 2007 Supervisor: David Limtiaco, Chief of Guam Forestry (671)735-3949/51. Cannot be contacted (deceased).

Position Title: Forester III 40 hrs/week (Supervisory)

Duties include, but not limited to:

- Forest Stewardship Program and Forest Land Enhancement, Program Forester, Forest Health Management Program, Urban & Community Forestry and Cooperative Fire Management Program supervisor: I assist greatly in writing grant proposals and submitting reports for U.S. Forest Service grant programs for the above mentioned Forestry programs. I supervise 2-Forester I, 5-Forestry Aide II, and 4-Forestry Aide I, totaling to the supervision of 11 Forestry personnel.
- Forest Stewardship & Forest Land Enhancement Program- Administer the program giving technical assistance and providing plant material for qualified cooperators. Includes increasing and maintaining Forestry plantations in restoring badlands, re-introducing native plant communities, recruiting public volunteers and coordinating native tree and soil reclamation mass outplanting, and educating the general public.

- Forest Health Management- Monitoring of potential forest health threats including invasive plants, insect, and disease. Report on Forest Health contracted invasive work, particularly recent invasions. Work with Guam Invasive Species Committee to address invasive problems.
- Urban & Community Forestry- Assist in planning & coordinating with collaborating government agencies and volunteers for native planting projects in the landscape, including numerous educational displays and presentations.
- Cooperative Fire Program- Supervise Wildland Fire Patrol and Suppression crews. Plan, develop maintain fuel breaks, green breaks, fuel reduction activities, and public education activities
- Natural Resource Conservation & Education- Develop layman's term native plant factsheets (www.guamforestry.org), and plan and conduct educational activities that support all Forestry programs.
- Forestry Nursery Manager- Manage Forestry nursery for plant materials for respective Forestry programs. Includes continuing efforts to native seed collection, propagate native plant species (common, rare, threatened, and endangered), maintain nursery using Integrated Pest Management, timely irrigation, continuous sanitation, and preparing for outplanting for all appropriate Forestry programs.
- Administrative duties- Conduct Performance Evaluation of subordinates, obtain quotes for Forestry needs (supplies, contracts, etc.), conduct in-house meetings, inventory supplies.
- Invasive Species Committee member- Meet periodically with other members to discuss strategies for improving and carrying out islandwide Invasive Species Plan.

EMPLOYER: College of Natural and Applied Sciences (formerly College of Agriculture and Life Sciences), University of Guam (UOG Station Mangilao, Guam, 96913) 39 hrs/week

January 2003 – July, 2004 Supervisor: Dr. Mari Marutani, (671) 735-2131
Can be contacted.

Position Title: Research Associate III, Agricultural Experiment Station, Horticulture Lab. 2002 & 2003 (20 hrs/week), 2004 (39 hrs/week) (some supervisory responsibilities)

Duties include, but not limited to:

- Supervision of 5 personnel
- Designing and installing experimental field plots
- Assist in various horticultural field operations
- Conduct data recording & data analyses, including interpreting results
- Writing of progress reports for respective projects
 - Assist in Evaluating Nitrogen-Fixing Trees (NFT's) for soil-replenishment and enhancing agroforestry systems. **4 hrs. per week = approximately 208 hours**

- TSTAR grant work on preliminary study on response of tropical agricultural plants to a vesicular-arbuscular mycorrhizal fungus on local Guam soil-type. **16 hrs. per week = approximately 832 hours**

January, 2002- December, 2002

Supervisor: Theodoro Iyechad, (671) 735-2046

Cannot be contacted (deceased)

Position Title: Extension Associate III, University of Guam, College of Agriculture and Life Sciences, 4-H and Youth Development Unit 39 hrs/week (Mentor Leader)

Duties included:

- Developing School gardening projects
- Workshop Mentor: Developing and Presentation of 'life skills' activities for involved schools
- Lead Mentor for 4H workshops including Horticulture, Entomology, and Fisheries workshops

EMPLOYER: College of Natural and Applied Sciences (formerly College of Agriculture and Life Sciences), University of Guam (UOG Station Mangilao, Guam, 96913)

January, 1999-December, 2001

Supervisor: Frank Cruz, (671) 689-1781, Roland

Quitugua (671) 777-2519. Can be contacted.

Position Title: Extension Associate II, University of Guam, College of Agriculture and Life Sciences, Agriculture and Natural Resources Division 40 hrs/week

Duties included:

Extension services for:

- Environmental Quality Incentives Program. Worked with NRCS staff to develop nutrient management plans for cooperators to optimize crop growth
 - Assisted in Developing Nutrient Management Guidelines for Pacific Islands (unpublished). **4 hrs. per week = approximately 104 hours**
 - Frequent cooperator site visits to discuss nutrient management of animal waste incorporated with supplemental inorganic nutrients, eventually developing Nutrient Management and Recommendation for farmers using unpublished Nutrient Management Guidelines for Pacific Islands. **4 hrs. per week = approximately 104 hours**
 - Promoted Sustainable Agriculture using various practices such as IPM, Conservation Tillage, Recycling animal waste, proper use of chemicals and fertilizers. **4 hrs. per week = approximately 104 hours**
- General Extension Work

- Assisted in teaching Pesticide Applicators Training and administered testing
 - Promoted Sustainable Agriculture using various practices such as IPM, Conservation Tillage, Recycling animal waste
 - Participated in Water Quality Committee meetings
 - Developed a recycling demonstration incorporating composting system with vermiculture, Aquaculture, hydroponics, aquaponics, and cash crop garden
 - Met routinely with farmers, home gardeners, and general public giving technical advice to improve horticulture activities.
-

EMPLOYER: College of Natural and Applied Sciences (formerly College of Agriculture and Life Sciences), University of Guam (UOG Station Mangilao, Guam, 96913)

January, 1997-December, 1998 Supervisor: Dr. Mari Marutani, (671) 735-2131
Can be contacted

Position Title: Research Assistant II, University of Guam, College of Agriculture and Life Sciences, Agricultural Experiment Station, Horticulture Lab.
19 hrs/week (Non-supervisory)

Duties included:

- Assist in installing and maintaining experimental field plots
- Assisted in data collection and recording
- Concentrated on sustainable practices in homegardens
- Collecting and growing seedbank for highly desired cultivars of sweet potato, yams and taro
- Assisted in evaluating sunhemp varieties for fallow cropping
- Assisted in Endangered Plant Species Recovery and Re-establishment project (*Serianthes nelsonii*) which included watering, measuring and fencing of naturally growing seedlings and transplants, and collecting data on natural growing seedlings.

January, 1997-December, 1998 Supervisor: Theodoro Iyechad, (671) 735-2046
Cannot be contacted (deceased)

Position Title: Extension Assistant I, University of Guam, College of Agriculture and Life Sciences, 4-H (Non-supervisory)
20 hrs/week

Duties included:

- Coordinate and implement community gardens with various community organizations under CYFAR (Children, Youth, and Families At Risk) project

- Assist in creating educational literature used as brochures and as resources
 - Supervising mentors and students in Annual 4-H Summer Fisheries Program
-

EMPLOYER: College of Natural and Applied Sciences (formerly College of Agriculture and Life Sciences), University of Guam (UOG Station Mangilao, Guam, 96913)

April, 1993-December, 1995 Supervisor: Dr. George Wall, (671) 735-2141 Cannot be contacted (retired)

Position Title: Research Assistant I University of Guam, College of Agriculture and Life Sciences, Agricultural Experiment Station Plant Pathology Lab
20 hrs/week

Duties included:

- Working as an assistant on Development and Evaluation of Control Techniques for Papaya Ringspot Virus on Guam, USDA Section 406, Development and Evaluation of Control Techniques for Zucchini Cross
 - Assist Survey the island of Guam for Papaya Ringspot Virus
 - Install and maintain experimental plots
 - Collect and Record relevant data
-

Heimlich, PhD, Director, Innovation Center, COSI, Columbus, Ohio/Professor Emeritus, The Ohio State University
- Attended Faculty Development Day UOG, Feb. 15, 2019 Westin Resort: *Engaging Faculty in Accreditation in a Changing Higher Education Environment*
- Conducted and initiated Growers' workshop series May 28, 2018. Main presenter in Growing Bok Choy and Winged Bean on Guam and presentation on 2018 Bok Choy and 2017-2018 Winged Bean variety trial results, Agriculture and Life Sciences, University of Guam
- Insular Area Technical Assistance Workshop July 12 – 14, 2018, Hyatt Regency Hotel, Guam
- Conducted workshop on proper installation, design, and maintenance of Windbreaks for crop fields and structures on May 26, 2018. Agriculture and Life Sciences, University of Guam
- Apr. 26-28, 2017 -Attended NRCS Windbreak Technology Workshop in Saipan, CNMI
- Guam Climate Change Forum – Assisted in coordination of workshop, participated as speaker and presenter. October 26 & 27, 2017
- USDA-NIFA-RIIA – 2016-06004 – Integrated Farm Training – Provided Triton Farm student-employee training on basic tree pruning and basic chainsaw use and safety on October 24, 2017
- USDA-NIFA-RIIA – 2016-06004 – Integrated Farm Training - Coordinated and presented for a workshop on October 14, 2017 – Sustainable Agriculture: Concepts for Tropical Islands – Compost Tea, Agritainment, and Cover Crops, USDA Farmer cost-share programs
- August 26, 2017 - Main presenter in Growing Lettuce and Hot Pepper on Guam and presentation on 2016 and 2017 Lettuce and 2017 Hot Pepper variety trial results. Agriculture and Life Sciences, University of Guam

- April 21, 2017 – Presented Valley of the Latte farm operation and UOG winged variety trial at Talofofo to participants of the 2017 Center for Island Sustainability (CIS) conference
- January 14, 2017- Native Plant Propagation Workshop – NOAA/SWCD – Presenter
- January 7, 2017- Native Plant Identification Workshop – NOAA/SWCD – Presenter
- August 29, 2016 – Conducted and presented on Growing Bell Pepper and Chinese Kale Workshop, UOG (CNAS, E&O, WPTRC)
- Presenter in UOG E&O Veterans and New Farmers Workshop (Cuttings, Seed Propagation, Soil Nutrition, Air Layering, Creating media for plants) October 2015 – January 2016)
- Presenter on Cuttings Activity for the Agriculture workshop for Veterans and New Farmers, CNAS October 31, 2015
- Pacific Invasives Learning Network (PILN) conference Moorea Island, French Polynesia, September, 2007
- Invited Speaker and Student for Forestry Shortcourse V Hilo, HI August, 2007: Restoration of Badlands
- Invited Speaker Forestry Inventory Analysis Symposium Monterey, California, October, 2006
- June Forestry 2005 ShortCourse US Forest Service, held at UOG, Guam
- April 2005 Fire Behavior Workshop US Forest Service, held at Guam Airport
- March 2005 Nursery Workshop US Forest Service, held at UOG, Guam Acting
- ISA Arborist Workshop, University of Guam, 2004 (certified arborist)
- Internship with Tuskegee University and University of Hawaii at Manoa 2003
- 1997- Sustainable Agriculture Workshop, CALS, U.O.G.
- 1998 – Feb.-April Internship with Department of Agriculture, Division of Aquatics and Wildlife
 - participated in various projects: restoration of Marianas Crow, snake trapping, restoration of Guam Rail
 - Fisheries Surveys, Deer counts, Mariana Fruit Bat count, Forestry planting activities
- 1996 certified pesticide applicator training (certified)
- Volunteer and Mentor for 4-H Summer Fisheries Workshop 1995 – present

ADDITIONAL SKILLS:

- Knowledgeable of native flora & fauna of Guam, vegetation types, geological features of Guam
- Fluent in the English language and Chamorro language (native language of Guam and the Commonwealth of the Northern Mariana Islands)
- Computer skills: Familiar with Microsoft Office Software for IBM PC: Word, Excel, Powerpoint, ArcGIS
- Experienced with most farming accessories and common hand tools; some experience with machinery such as hand tillers, tractors, wood chippers.
- Typing speed of approximately 35-40 words per minute.

- Licensed for Private, Government Lands, and Commercial Pesticide Application (License expired 2006)
- Certified Arborist (International Society of Arboriculture) 2004-2007 (expired)
- Experience with ArcGIS (NRCS version) and Garmin brand GPS systems.
