**ATTORNEY'S WRITTEN RECOMMENDATION TO
ENTER EXECUTIVE SESSION
at the
July 28, 2026, GMHA Board of Trustees Meeting**

I, Joseph McDonald, attorney for the Guam Memorial Hospital authority (GMHA), hereby expressly recommend that the GMHA Board of Trustees enter into executive session to discuss ongoing and/or a reasonably anticipated litigation involving the interests of GMHA.

This 28th day of July 2026.

Joseph McDonald, Legal Counsel
Attorney for the GMHA Board of Trustees

DECLARATION UNDER PENALTY OF PERJURY

My Name is Joseph McDonald. I am over the age of eighteen and fully competent to make these statements from my own personal knowledge. I am Guam Memorial Hospital Authority (GMHA)'s in-house legal counsel whose responsibility it is to represent and advise the GMHA, its Board of Trustees, Executive Leadership, and its employees.

On July 28, 2026, upon my written recommendation as its attorney, the GMHA Board of Trustees entered into executive session from which the public was excluded. The Subject of discussion was pending and/or a reasonably anticipated litigation against GMHA. No other matters were discussed during that portion of the meeting from which the public was excluded.

SWORN TO UNDER PENALTY OF PERJURY this 28th day of July 2026.

Joseph McDonald, Legal Counsel
Attorney for the GMHA Board of Trustees

V. GUAM MEMORIAL HOSPITAL VOLUNTEERS ASSOCIATION REPORT				

	Ms. Terese Calvo reported that the Guam Memorial Hospital Volunteers Association is actively preparing for its annual <i>Thanksgiving Raffle Fundraiser</i>, one of the Association's largest fundraising efforts supporting hospital programs and equipment needs. Mrs. Calvo advised that the Association is currently awaiting the hospital's updated equipment and project wish list, which is necessary before raffle tickets can be finalized and printed. She emphasized the urgency of receiving the list so ticket sales can begin as soon as possible and stated that GMHVA is working toward its fundraising goal of \$80,000. Dr. Joleen Aguon acknowledged the delay and explained that Executive Management had already discussed utilizing the prior years' equipment wish list because many of those items remain priorities for the hospital. Dr. Aguon apologized that the request had not yet been completed, stated that she would identify the appropriate staff member responsible for the list, and committed to providing the finalized wish list to the Volunteers Association by the following day. Mrs. Calvo thanked Administration for its support and concluded her report.	GMHVA President - Terese Calvo Interim Hospital Administrator/CEO - Joleen M. VI. MANAGEMENT'S REPORT				
A. Accreditation Update	Dr. Aguon reported that hospital accreditation continues to be the organization's highest priority, emphasizing that accreditation efforts serve as the foundation for improvements occurring throughout the hospital. Following the March 2026 mock accreditation survey, departments have continued working diligently to address deficiencies identified during the assessment. Current efforts include comprehensive reviews of departmental policies and procedures, employee competency files, Environment of	Interim Hospital Administrator/CEO - Joleen M. B. Revenue Cycle Management & Financial Sustainability	Care improvements, and infection prevention and control readiness. Dr. Aguon announced that on June 23, 2026, Acting Governor Joshua Tenorio authorized the activation of the <i>Guam National Guard</i> under State Active Duty to assist Guam Memorial Hospital with accreditation readiness activities. A total of 45 National Guard personnel will work alongside hospital employees on prioritized facility and campus improvement projects supporting accreditation. Dr. Aguon expressed appreciation to the Governor Lourdes Leon Guerrero, Lt. Governor Joshua Tenorio and the Guam National Guard, and government partners for their support and stated that the additional manpower would significantly accelerate the hospital's readiness efforts. Dr. Joleen Aguon reported that strengthening the hospital's Revenue Cycle Management (RCM) remains one of Management's highest operational priorities. Administration continues to modernize the revenue cycle through several initiatives designed to improve collections, billing efficiency, reimbursement, and long-term financial sustainability. Dr. Aguon reported that GMHA is currently pursuing procurement for a comprehensive revenue cycle management solution while simultaneously utilizing MicroHealth as an interim ("bridge") solution to enhance existing revenue cycle operations. In addition, Management continues building internal staff capacity to strengthen billing and collections processes. A significant accomplishment announced during the meeting was GMHA's approval as an authorized MyCare provider, allowing the hospital to participate in the Federated States of Micronesia (FSM) private insurance program. Dr. Aguon credited Ms. Jannica Quintanilla for representing GMHA at the Pacific Islands Health Officers Association (PIHOA)	Interim Hospital Administrator/CEO - Joleen M. Aguon, MD	None	Informational

C. Accreditation Readiness & Organizational Culture	conference and establishing relationships that contributed to this achievement. Dr. Aguon stated that participation in the MyCare program complements GMHA's ongoing initiatives to reduce the hospital's self-pay population and improve reimbursement opportunities through third-party payors. Management also continues exploring additional long-term federal reimbursement opportunities to strengthen the hospital's financial position. Dr. Aguon advised the Board that GMHA's accreditation initiative extends beyond preparing for a survey and is intended to create a lasting organizational culture focused on quality, patient safety, and continuous improvement. Management plans to submit GMHA's application for CIHQ Accreditation in August 2026, with the accreditation survey anticipated approximately three to four months later, placing the survey within the Fall/Winter 2026 timeframe. To prepare for accreditation, GMHA will invest in specialized certification and survey-readiness training. Dr. Aguon reported that a multidisciplinary team—including physician leadership, Compliance, and Quality personnel—will attend CIHQ training to obtain certification and enhance organizational expertise. Participants identified included: • Dr. J. Cruz (Physician Champion) • Dr. Eusebio (Chief Medical Officer/Compliance) • Ms. Danielle Manglona (Compliance) Management also intends to send additional division representatives to receive specialty certification to ensure	Interim Hospital Administrator/CEO - Joleen M. 	accreditation knowledge is broadly distributed throughout the organization. During Board discussion, Trustees emphasized the importance of maintaining accreditation standards after achieving accreditation. Dr. Aguon responded that accreditation must become the responsibility of every department rather than a single office. Leadership is therefore identifying accreditation champions throughout the hospital to sustain compliance long-term. Dr. Aguon reported that Management continues implementing organization-wide improvement initiatives that support accreditation, operational efficiency, and financial performance. Leadership remains focused on strengthening internal teams while simultaneously modernizing administrative processes. The Administration emphasized that organizational improvements are being approached comprehensively rather than through isolated projects, ensuring alignment between quality improvement, financial sustainability, workforce development, and patient care. D. Organization Improvement Initiatives				
E. Lean Management Implementation Update	Management reiterated that success depends upon participation from every department and continued collaboration among clinical, administrative, and support services. Dr. Joleen Aguon reported that the hospital is in the final stages of implementing its Lean Management initiative. Administration has completed contract negotiations and is awaiting final approval and signature from the Office of the Attorney General (AG), which has been supportive throughout the process.			
F. Operational Partnerships and Procurement Initiatives	Once the agreement is finalized, the Lean Management team is expected to begin work at Guam Memorial Hospital within the coming week. Administration noted that the initiative is			

	intended to improve operational efficiency, streamline workflows, reduce waste, and support the hospital's ongoing accreditation readiness efforts. Dr. Aguon further reported that Requests for Proposals (RFPs) are currently being prepared for the outsourcing of the hospital cafeteria and Skilled Nursing Facility (SNF) services as part of ongoing operational improvement initiatives. Administration also met with Captain James G. Demitrack, Commanding Officer of the U.S. Naval Hospital Guam, to discuss opportunities for collaboration through a Memorandum of Understanding (MOU). Discussions included the potential for group purchasing arrangements, which would allow GMHA to leverage combined purchasing power and obtain medical supplies and equipment at more favorable pricing. Additional discussions focused on establishing personnel exchange opportunities between GMHA and Naval Hospital Guam. Dr. Aguon explained that achieving hospital accreditation remains essential to expanding these collaborative efforts. During the COVID-19 pandemic, accreditation limitations prevented military medical personnel from providing clinical support at GMHA. With accreditation now a priority for 2026, both organizations expressed optimism that future collaboration could include shared staffing, cross-training, and professional development. Administration also discussed opportunities for collaboration in Materials Management, including knowledge-sharing between logistics personnel. Naval Hospital Guam employs a Medical Logistician with specialized expertise in medical supply chain management, and both organizations expressed interest in facilitating staff exchanges to strengthen procurement practices and operational efficiencies. G. Grants	Dr. Joleen Aguon reported that Administration continues to aggressively pursue external funding opportunities to support capital improvement projects and infrastructure modernization throughout the hospital. Administration has submitted more than thirty (30) TAP and MAP grant applications and is awaiting funding decisions. Dr. Aguon emphasized that the hospital is pursuing every available funding opportunity to secure additional financial resources for critical projects. Management also reported ongoing planning efforts for Community Development Block Grant–Disaster Recovery (CDBG-DR) funding. Proposed projects include improvements to the Z-Wing, completion of the Maternal Child Health (MCH) Project, and several major infrastructure initiatives. Administration continues to work closely with ISSQUARED to develop projects related to the hospital's information technology infrastructure, as well as previously identified capital improvement projects, including above-ground fuel storage tanks and boiler replacements. In addition, GMHA submitted three (3) Guam Economic Development Authority (GEDA) grant applications, each valued at approximately \$25,000, and is currently awaiting notification of funding awards. 	2. Capital Improvement Project (CIP) - Update	Management reported continued progress on several capital improvement projects designed to improve hospital infrastructure and support accreditation readiness. Administration advised that projects continue to focus on replacing aging infrastructure, improving patient care environments, and addressing deficiencies identified during recent mock accreditation surveys. Departments continue prioritizing repairs to patient care areas, building systems, and facility components affecting patient safety and regulatory compliance. The Board was advised that project managers continue monitoring construction schedules while coordinating procurement activities and contractor performance to minimize delays. As discussed, approximately 20% of the Regular Board Meeting agenda will include discussion of Quality and Safety matters. The Quality and Safety Committee held a productive two-hour meeting yesterday, during which several key performance areas and regulatory updates were reviewed. <i>a) Quality Dashboard (POPI Reports) – Calendar Year 2025, Fourth Quarter</i> Code Blue Performance The Code Blue performance indicators continue to demonstrate strong outcomes, exceeding the Get With The	Assistant Administrator of Operations - Rodalyn Gerardo Chairperson, FAC, CIP, & IT - Chairwoman Sharon Davis	Approved

	Guidelines (GWTG) resuscitation benchmarks by more than two-fold. These benchmarks represent national standards. Collaborative efforts between physicians, nursing, and hospital staff remain ongoing to further enhance resuscitation performance and improve patient outcomes. <i>b)Environment of Care Committee – Calendar Year 2026, First Quarter</i> Environment of Care Committee indicators continued to perform well during Quarter 1 of 2026. Identified challenges include aging equipment and infrastructure, funding limitations, and supply chain constraints, which have impacted performance in certain areas. Indicators that had not yet achieved their established goals have demonstrated improvement during the quarter and continue to trend positively toward their targets. <i>c)Patient Experience</i> Patient satisfaction scores increased and exceeded the established goal for the reporting period. All patient complaints have either been resolved or are actively under review by the appropriate departments. Timeliness of complaint responses remained at goal. Although resolution timeframes did not fully meet established targets, delays were primarily attributed to the need for comprehensive investigations and implementation of appropriate follow-up actions to ensure concerns were fully addressed. <i>d)Infection Prevention and Control</i> The Infection Control Committee conducted additional audits during Quarter 1 to further evaluate infection prevention and control practices. The Committee also developed and	Chairperson, Quality & Safety - Trustee Suzanne Lobaton for Krista Blankenship	None	Informational

	distributed educational materials to reinforce staff awareness and support performance improvement initiatives. Hospital-acquired infections remained minimal to none during the quarter. Additional staff education and engagement activities, including the ongoing infection prevention “jam sessions,” continue to support compliance and improvement efforts. <i>e) Obstetrics and Gynecology Medical Staff Department</i> The Obstetrics and Gynecology Medical Staff Department met established performance goals for the majority of its indicators during Quarter 1. One measure experienced a decline during the quarter. Potential contributing factors have been identified and are currently being evaluated. Nursing and medical staff continue to collaborate on targeted interventions to improve performance in this area and sustain positive trends. <i>f) Patient Registration</i> The Patient Registration Department provided an update regarding a performance measure that will now be reported through the hospital's quality program, rather than remaining an internal departmental metric. Historical data demonstrates sustained improvement over time. Although the department has not yet reached the established goal, performance continues to show a consistent positive trend toward achieving the target. The metric tracks the conversion of self-pay patients to Medicaid coverage.	Chairperson, Quality & Safety - Trustee Suzanne Lobaton for Krista Blankenship	None	Informational

	g)Root Cause Analysis (RCA) Two Root Cause Analyses (RCAs) were completed during Quarter 1. h)Leadership Safety Walkarounds Leadership Safety Walkarounds are scheduled to resume next month and continue to be conducted approximately quarterly as part of ongoing patient safety and quality improvement efforts. CMS Regulatory Compliance and CIHQ Accreditation Update The Skilled Nursing Facility (SNF) recently underwent a CMS survey. The primary finding was the absence of a Long-Term Care Administrator, which is a required position. GMHA will begin conducting interviews to fill this position. Additional preliminary findings were largely related to the absence of this role. The final CMS survey report is pending. In the interim, SNF staff are actively addressing preliminary issues identified during the survey exit session. GMHA is also currently awaiting two follow-up EMTALA surveys, as well as a Life Safety and Emergency Preparedness Survey from CMS. Additionally, GMHA is in the process of obtaining a follow-up Industrial Hygiene assessment to evaluate air quality conditions and support ongoing environmental safety improvements. 	<i>b)Committee Orientation and Communications Tracker</i> The Committee discussed the transition and orientation process for new Trustees. PIO Mr. Tihu Lujan is becoming familiar with the Board communications tracker and related processes. It was noted that by the next Committee meeting, Mr. Lujan will take a more active role in managing and monitoring the communications tracker to support improved follow-up and accountability. IX. PUBLIC COMMENT				
	<u>Maternal Child Health (MCH) Renovation Project Update</u> The Board discussed the Maternal Child Health (MCH) Renovation Project, with clarification provided regarding the total project cost. Dr. Joleen Aguon reported that the construction cost estimate is approximately \$23 million. Ms. Rodalyn Gerardo clarified that the Board-approved resolution reflects a total project cost of \$28 million, which includes approximately \$5 million for Furniture, Fixtures, and Equipment (FF&E), including furnishings and necessary equipment for the facility. Mr. Uriah Aguon acknowledged the clarification and noted that the additional \$5 million accounts for FF&E costs beyond the construction scope. Mr. Uriah Aguon also requested clarification regarding the project location and whether the MCH Center would be developed as a separate facility. Dr. Joleen Aguon clarified that the project will be located within the existing GMHA hospital campus. Mr. Jesse Quenga further explained that the project will involve renovating spaces currently allocated for Labor and Delivery	PDN Report – Uriah Aguon	None	Informational

	(L&D) and expanding into the hospital's center courtyard area to develop the Maternal Child Health Center.
