good, doing my best and creating a bond with my team," said Besabe.

## Geckos complete the sweep

The third set remained close throughout, with St. John's holding a 21-19 advantage before GW fought back to tie.

The Geckos took control in the final points of the game and closed out the set 25-23 to complete the sweep.

Ella Fejeran added five kills and a team-high three blocks in the victory.

For Smartt, the goal moving forward is to maintain the same mentality and respect regardless of the opponent.

"My goal throughout the season is to just give my all with every team and not underestimate any team," said Smartt.

With the season still fresh, the Geckos look to build off of this sweep as competition continues.

her only game of the second set. Sabalenka responded by winning the next three to secure the win.

"Happy with the level I played today, happy with the focus," said Sabalenka, who will face Uzbekistan's Kamilla Rakhimova for place in the round of 16.

pair of small birds perched on the Louis Armstrong Stadium net and he was forced to replay a point he thought he'd won.

"I saw them straight away and I thought the point would stop straight away and we didn't," Medvedev said. "And the moment I hit the winner we stop. I was not happy with the decision."

## Battle to the end

Eighth-seeded Ben Shelton prevailed in a tense battle with former world number six Hubert Hurkacz 6-3, 5-7, 7-6 (7/3), 7-5.

"I thought it was a battle to the end," Shelton said. "I thought Hubi played fantastic today."

American 11th seed Frances Tiafoe was also in action. But another American tipped as a contender — in-form 16th-seed Brandon Nakashima — bowed out, upset by 46th-ranked compatriot Alex Michelsen 6-3, 6-4, 6-4.

Outside the covered confines of Ashe and the Louis Armstrong Stadium, rain again disrupted play.

Sixth-seeded Australian Alex de Minaur finally got his campaign underway in a match postponed from Tuesday but had to wait out another mid-match rain delay on the way to a 6-2, 6-2, 6-4 first-round victory over Italian Andrea Guerrieri.

Lucky loser Bu Yunchaokete of China pulled off a first-round upset, toppling 12th-seeded Spaniard Rafael Jodar 6-2, 6-1, 6-1.

# Australian Simmons makes NBA comeback with Kings: reports

AFP

Australian Ben Simmons, who missed last season with nagging back injuries, has agreed on a one-year NBA comeback deal with the Sacramento Kings, according to multiple reports on Friday.

The 30-year-old point guard was the top pick in the 2016 draft by Philadelphia but missed the 2016-17 campaign with a broken right foot only to earn the 2018 NBA Rookie of the Year award.

Simmons last played in the NBA in early 2025 as a reserve with the Los Angeles Clippers but ESPN and

The Athletic reported he has come to terms on a deal worth \$3.5 million with the Kings, who were reportedly impressed with his performance at a workout this week.

He will likely serve as a backup for rookie guard Darius Acuff, the seventh pick in last June's draft, as well as a possible fill-in at other roster positions.

Simmons averaged 13.1 points, 7.4 rebounds and 7.2 assists a game over eight NBA seasons, producing his best numbers with the 76ers before sitting out the 2021-22 campaign then being traded to Brooklyn,

where he struggled and was waived in 2025 before finishing the season with the Clippers.

Simmons boosted interest from clubs last month after a strong training camp with the Australian national team.

The Kings were 22-60 last season and dropped guards DeMar DeRozan and Russell Westbrook in the off-season.

Sacramento have reached the playoffs only once since 2006, suffering a first-round loss to Golden State in 2023.

The Kings last won a playoff series in 2004 and the franchise won its lone NBA title in 1951 as the Rochester Royals, their 75 years since reaching the NBA Finals a dubious league record.

| IV          | HPLO ADMINISTRATOR'S REPORT | The HPLO, Health Professional Licensing Office continues to provide administrative, licensing, examination, regulatory, and enforcement support to the GBBC, with a continued commitment to ensuring that licensing activities are conducted efficiently, consistently, and in accordance with the Guam Barbering and Cosmetology Act. The GBBC generally conducts its regular meetings on the first Monday of each month at 9:00 a.m. in the conference room; however, the August meeting schedule was adjusted due to Typhoon Bavi in July. HPLO continues to process applications and licensing transactions for the professions and establishments regulated by the Board, including Barbers, Cosmetologists, Estheticians, Manicurists, Cosmetology Instructors, Apprentices, Barber and Cosmetology Establishments, Schools, and other regulated facilities. The current HPLO online directory reflects active and expired individual and establishment licenses and serves as an important resource for verification licensure status. | HPLO              | 0935                 | Noted                           |

|             |                    | <p>HPLO staff continue to monitor applications for examinations, re-examinations, reciprocity, endorsement, apprenticeships, establishment licensure, renewals, and other licensing matters for the Board's consideration. The public and licensees were reminded of applicable renewal requirements, including that individual cosmetology-related licenses generally expire on the licensee's birthday every two years, while establishment licenses expire annually on December 31, with renewals permitted one month prior to expiration. HPLO continues its outreach and follow-up efforts to reduce expired licenses and ensure that individuals and establishments operating within Guam remain properly licensed.</p> <p>The review and updating of the Guam Board of Barbering and Cosmetology's rules and regulations remain an important priority, with HPLO continuing to support the Board in identifying provisions that may require clarification or amendment to ensure that the regulations remain consistent with current practices and applicable Guam law. Areas identified for consideration include licensing and renewal requirements, examination and re-examination procedures, apprenticeship requirements, school and establishment requirements, sanitation and universal precautions, inspection requirements, continuing education, fees and penalties, scope of practice and emerging services, and enforcement and disciplinary provisions.</p> <p>HPLO also continues to receive and process complaints involving regulated practitioners and establishments. Complaints are reviewed for jurisdiction, completeness, and appropriate disposition, while matters requiring further investigation or Board action are presented in accordance with established procedures and applicable confidentiality requirements. The Board's statutory authority includes enforcement against violations of the Barbering and Cosmetology Act and the rules and regulations adopted pursuant to this Act. HPLO will continue to prioritize complaints involving unlicensed practice, unsafe or unsanitary practices, misrepresentation, unauthorized....(Audio stopped at this point of the Administrator's Report)</p> |                   |                      |                             |

|             | <p>A. Taitano-Sablan reported that she was able to complete the final meeting that she had been awaiting. Based on her investigative findings, she recommended closing the complaint because the individuals referenced in the complaint were not identified by name, making it difficult to locate them. She conducted on-site visits in an effort to identify and locate the individuals mentioned; however, those efforts were unsuccessful. A. Taitano-Sablan recommended that the complaint be closed.</p> <p><i>Motion to Close: M. Tiong; 2<sup>nd</sup>: J. |             | <p><b>2. GBBC-CO-2024-002 – Date received: 4/22/24</b></p> <p>M. Tiong noted that the matter was similar to the previous case in which contact could not be established with the individual. The complaint was against a person that could not be identified nor is employed by this establishment. Due to an injury reportedly resulting from the use of a prohibited tool, M. Tiong suggested that copies of information identifying prohibited tools be distributed to the establishment for awareness and compliance. Based on the circumstances and the inability to establish further information regarding the individual involved, a recommendation was made to close the case.</p> <p><i>Motion to Close: J. Taitano-Sablan inquired about the progress of the accreditation process for Guam International Cosmetology Academy. D. Gurwell explained that the academy had only been operating for approximately six months and was therefore not yet eligible to submit an accreditation application. The accreditation requirements were discussed, including that an institution must generally be open for at least 12 months, while the application process begins at approximately 18 months, and that an ISS must be completed within six months of submitting the application. Based on the academy's opening in December, it was indicated that it could pursue the ISS after reaching the applicable timeframe; however, an application submitted at the current six-month point would not yet be accepted. A. Taitano-Sablan requested clarification regarding the applicable timeframe, noting that another school had been able to apply for the ISS workshop despite also having been operating for a limited period.<br><br>D. Gurwell clarified that, according to the NACCAS handbook, an institution must have been in operation for at least 18 months before it is eligible to submit an application for candidacy. The handbook permits an institution to attend an ISS workshop during the period beginning approximately 12 months after opening and continuing through the 18-month period, when the candidacy application may be submitted. |             | <p>that an institution may attend an ISS workshop at any time; however, if the workshop is completed outside the six-month period preceding the submission of the candidacy application, the institution would be required to attend another workshop within the applicable six-month period. The circumstances involving another school that reportedly attended an ISS workshop before operating for 12 months were noted, but D. Gurwell stated that the specific details of that school's application process were unknown and that the information he stated was based on the NACCAS handbook.</p> <p>The NACCAS handbook was referenced for further clarification, specifically page 63, Section 1.2(c), which provides that a private cosmetology school, department of cosmetology, cosmetology program of study, or specialized school offering cosmetology, arts and sciences, massage, or related programs in the United States or internationally is eligible to apply for accreditation if it meets specified requirements. These requirements include being a post-secondary institution, being licensed by the state or jurisdiction in which it is located, having been in operation for at least 18 months, and offering at least one program exceeding 150 hours in length or the equivalent measured in credits or competencies. D. Gurwell noted that this information is also available on the NACCAS website.</p> <p>A. Taitano-Sablan requested clarification regarding the requirement to attend the NACCAS pre-candidate workshop within the applicable six-month period prior to submitting an application for candidate status. It was clarified that the 18-month requirement applies to eligibility to submit the application for candidacy, while the pre-candidate workshop is required to be attended before becoming a candidate. The NACCAS website was referenced, specifically the workshops section, which states that new or pre-candidate schools are required to attend the pre-candidate class and NACCAS workshop within the six-month period prior to submitting an application for candidate status.</p> <p>The Board then discussed whether the school could schedule or attend the workshop before reaching the required operating period. It was initially suggested that the school could be extended through December; however, clarification was provided that the school did not begin operations until February and therefore would not reach one year of operation until February. Consequently, the school would not be eligible to attend the December workshop and would need to wait for a workshop scheduled in or after February or March, consistent with the requirement to have been operating for one year.</p> |                   |                      |        |

|             |  | <p>Based on the clarification, it was suggested that the school's renewal be extended through February 2027 and that the Board revisit the renewal at that time after the school has applied for the required workshop. It was further stated that consideration of the renewal upon the February 2027 expiration would be based on demonstrated progress toward the workshop application. D. Gurwell acknowledged and agreed with the proposed arrangement.</p> <p><i>Motion to Renew the Application for Establishment for Guam International Cosmetology Academy until February 2027: M. |             |  | <p><b>b) Guam International Cosmetology Academy Transfer Students – Tiara Flores</b></p> <p>It was discussed that an email had been submitted to the office indicating that transfer hours from Stay Fresh Academy would not be accepted due to the lack of supporting documentation. T. Flores explained that documentation verifying the students' transferred hours had been requested from R. Tingson, but repeated attempts to obtain the records had not received a response. Because the school is proceeding with accreditation, T. Flores emphasized the importance of maintaining complete and properly documented student files and ensuring compliance with the Board's laws, rules, and regulations.</p> <p>The Board questioned why the hours could not be obtained from Mr. Gurwell, particularly because the office had previously received several transcripts from Stay Fresh Academy that had been certified by him. It was explained that Mr. Gurwell had access to the records at the time he certified the documents; however, after withdrawing from the LLC and no longer being affiliated with Stay Fresh Academy, he surrendered the records to R. Tingson. As a result, the school has been unable to obtain sufficient documentation to verify and honor the transferred hours.</p> <p>It was further clarified that all students who transferred from Stay Fresh Academy began the program anew at the current school in February and have been attending full-time. The representative stated that efforts are being made to provide the students with as much education and training as possible while considering their circumstances, but the lack of documentation and the absence of a response from R. Tingson has made it difficult to determine or recognize the students' previously completed hours.</p> | GBBC              |                      | Noted  |

|             | <p>The Board inquired whether there were alternative means of obtaining documentation to verify the students' completed hours, including the availability of sign-in sheets or other attendance records. T. Flores explained that the sign-in sheets had been surrendered to R. Tingson and, to her knowledge, no copies had been retained. The school had also used the uAttend system to track attendance; however, the account was closed in December, and it was believed that the attendance information could no longer be retrieved.</p> <p>The Board continued its discussion, allowing D. Gurwell to answer questions regarding the documentation of hours completed by students who transferred from Stay Fresh Academy. D. Gurwell reported that access to the former school's uAttend account had been obtained for 48 hours, during which available sign-in and sign-out data were downloaded. The physical sign-in sheets also reportedly exist and had been turned over to R. Tingson's sister, Maria, while R. Tingson was off-island; however, R. Tingson remained in possession or control of the records and had not responded to requests for access. D. Gurwell explained that the students' previously certified hours had been documented while the relevant records were still accessible.</p> <p>The recovered uAttend information covered the period during which the system was used to track student attendance and included digital sign-in and sign-out records. Some of the information was transferred to Google Sheets; however, the data was stored on a laptop that subsequently sustained motherboard damage and was undergoing recovery. It was estimated that the recovered uAttend records represented approximately 1,700 hours collectively among the affected students, although the physical sign-in sheets would contain additional attendance information from periods when students signed in and out manually.</p> <p>D. Gurwell clarified that the uAttend system was used as a digital timekeeping method requiring students to be physically present at the school to sign in and sign out, including signing out for lunch and signing back in afterward. The system was described as comparable to a timecard, with the primary difference being administrative efficiency, as digital records automatically calculate hours and are easier to retrieve and review than manually calculating hours from numerous physical sign-in sheets. T. Flores further explained that the uAttend system used at Guam International Cosmetology Academy requires fingerprint authentication to prevent students from using another student's credentials to record attendance.</p> |                   |                      |        |

|             | <p>The Board emphasized the importance of recovering the available uAttend records so that affected students would not be required to repeat training hours they had already completed. It was noted that the students' training had been interrupted by the circumstances surrounding Stay Fresh Academy and that the students should not be disadvantaged by circumstances beyond their control when adequate documentation of their completed hours can be obtained. The Board recognized that students may have had their own understanding of how many hours they had completed and may have been able to estimate their remaining hours based on the length of time they attended Stay Fresh Academy and subsequently Guam International Cosmetology Academy.</p> <p>The Board requested that priority be given to recovering the uAttend data from the damaged laptop. D. Gurwell asked whether the Board could request the physical sign-in sheets directly; however, A. Taitano-Sablan indicated that further review would be necessary to determine whether the Board had authority to obtain those records on behalf of the students. D. Gurwell confirmed that efforts would continue to recover the available records. T. Flores further confirmed that, if the uAttend documentation could be recovered and verified, the school would accept the documented transfer hours. The Board therefore agreed that, for the time being, the priority would be to recover the uAttend records so that students who had already completed a substantial portion of their training at Stay Fresh Academy would not be required to complete the entire program again at Guam International Cosmetology Academy. A. Taitano-Sablan acknowledged Ms. Taijeron's message noted that she had attempted to contact R. Tingson regarding the students' records but had not received a response. The Board expressed its concern regarding the lack of communication and reiterated its hope that D. Gurwell would be able to recover the available uAttend records to assist with the transfer of the students' completed hours. The Board indicated that it would await an update regarding the recovery of the relevant timesheets and attendance records.</p> |                   |                      |                                                                        |

|             | <p>through an accredited college, such as Guam Community College or the University of Guam, and are intended to prepare applicants for careers in classroom instruction. M. Tiong noted that the application did not contain documentation indicating that J. De Veas had completed the required courses, which remains an outstanding requirement for the application.</p> <p>L. Taitano requested clarification regarding the requirements applicable to Jolas De Veas pathway to instructor certification. L. Taitano noted that, based on her review of the applicable provisions, she understood that the pathway may allow an individual to qualify through high school graduation combined with a specified period of experience as a licensed cosmetologist, rather than requiring completion of Vocational Education I and II courses. She further recalled that Vocational Education I and II had been an older requirement offered by Guam Community College but that the courses were no longer offered, and she understood that the requirement may have subsequently been replaced by the 600-hour instructor training requirement.</p> <p>A.Taitano-Sablan clarified that Section 18128(g) provides that students seeking an instructor certificate of completion must complete the program through an accredited school of cosmetology. Although J. De Veas completed 600 hours of instructor training at Heritage, the school is not yet accredited. L. Taitano questioned whether the accreditation requirement was a new provision or whether the requirements provided an alternative pathway, noting that she did not recall seeing the accreditation requirement in the bylaws previously provided to her. L. Taitano requested that the applicable provision or updated bylaws be sent to her so she could review and clarify the requirements.</p> <p>It was confirmed that the applicable statutory provisions had been sent to L. Taitano for review. It was further noted that the statutes expressly require completion of Vocational Education I and Vocational Education II courses. The Board offered to send the documentation by email to J. De Veas if he needed. The clarification was acknowledged by J. De Veas.</p> <p><i>Motion to Table Pending Submission of Proof of Completion for Required Courses: M. Tiong; 2<sup>nd</sup>: J. Blas.</i></p> <p><b>4.
