GUAM PUBLIC UTILITIES COMMISSION

Suite 807, DNA Building 238 Archbishop F.C. Flores Street, Hagåtña, Guam 96910

Email: info@guampuc.com / Website: guampuc.com

OUR MISSION

The PUC sets rate for Ratepayers that are “just and reasonable”; utilities must Establish that the Rates charged are based upon reasonable cost of service. The PUC conducts a hearing process that protects the fundamental rights of the Ratepayers. The PUC must also establish rates that are adequate to cover the full cost of the utilities in providing such service.

OUR MEMBERS

Jeffrey C. Johson, Chairman
Joseph M. McDonald, Commissioner
Doris Flores-Brooks, Commissioner

Peter B. Montinola, Vice Chairman
Michael A. Pangelinan, Commissioner

The membership of the PUC is comprised as follow:

- 2- members from the Business Community of Guam;
- 1- member who is Certified Public Accountant;
- 2- members who are from the Community at large; and
- 2- members (each with training and experience in at least 1 of the following areas; power generation, telephone, water/sewer utilities, or marine terminal operations/ transportation via ocean common carrier) with an additional requirement that the 2 members have training or experience in different areas.

ABOUT THE PUBLIC UTILITIES COMMISSION

An independent regulatory commission, separate from the Executive and Legislature Branches, required by Federal Law and created by Guam Law. Governance is by seven commissioners who serve six-year terms who the Governor appointments and the Legislature confirms who regulate the rates and contracts that may impact the rates of the Guam Power Authority, Guam Waterworks Authority, Guam Solid Waste Authority, Port Authority of Guam, and the tariff and rate setting and regulatory duties for telecommunication companies, including the E911 Surcharge.

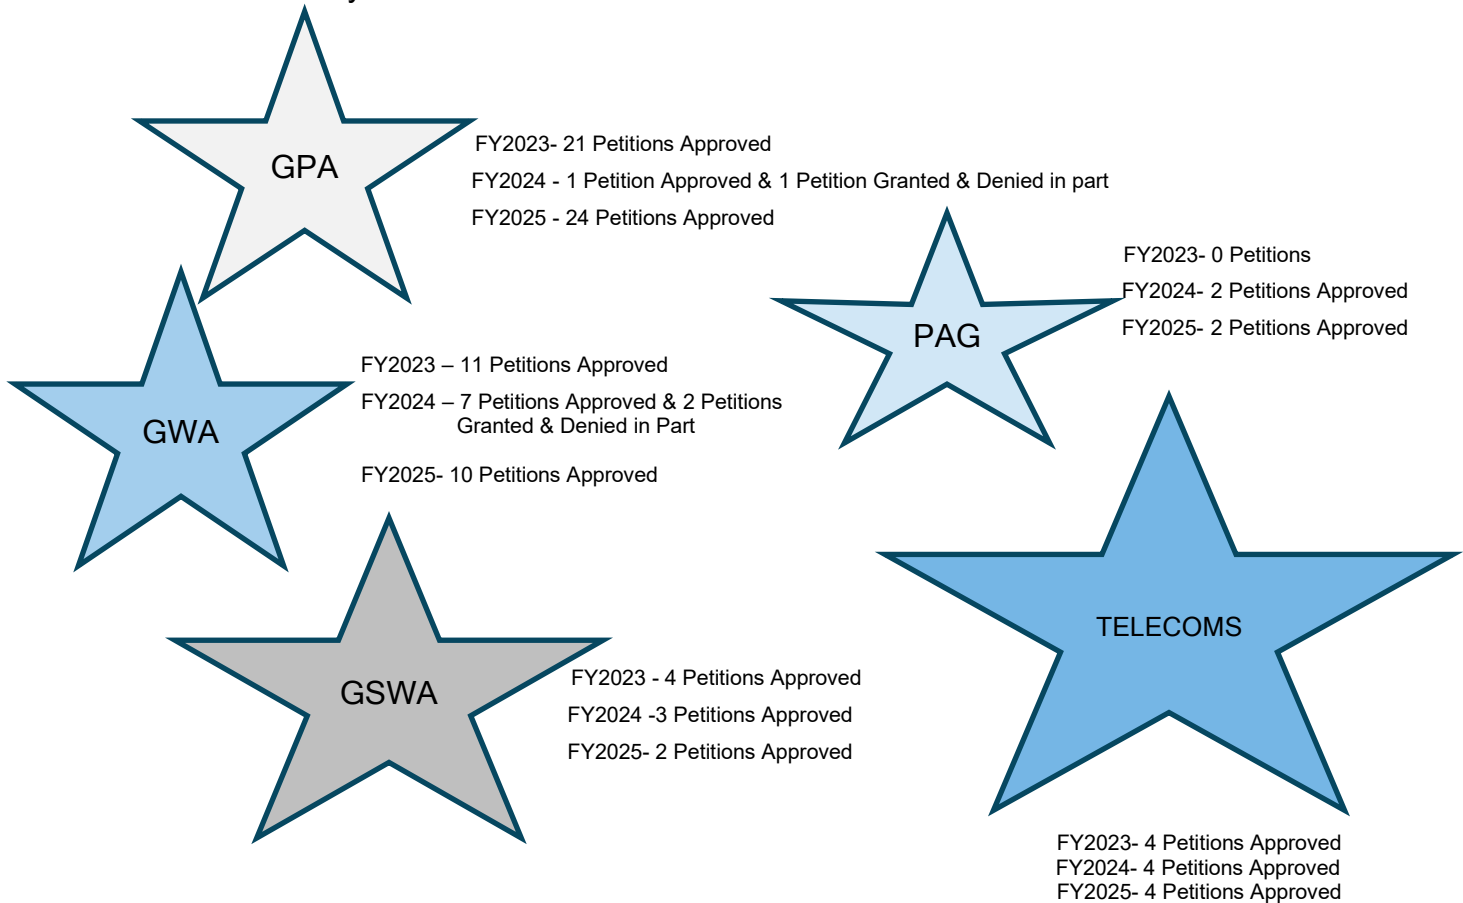

RATEPAYERS BILL OF RIGHTS

When a utility seeks a rate increase, the PUC must conduct proceedings in accordance with the Ratepayer Bill of Rights which provides ratepayers:

- The right to receive clear and adequate notice of any proposed rate increase;
- The right to be fully informed about and to fully evaluate any proposed rate increase, as well as the finances of the public utility;
- and • The right to give input and participate in any proposed rate increase. Three Public Hearings are held for each rate increase; one each in the Central, Northern and Southern villages of Guam.

OUR PERFORMANCE

The Guam Public Utilities Commission strives for just and reasonable utility rates for the residents of Guam. Significant regulatory actions for FY2025 are listed below. The following shows how the petition workload of the PUC was apportioned between the utilities during the last three fiscal years.

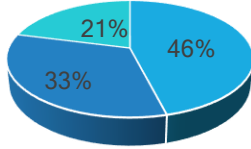

FY2025	Petitions Heard	Petitions Approved	Petitions Denied	Petitions Granted in Part & Denied in Part
Guam Power Authority (GPA)	24	24	0	0
Guam Waterworks Authority (GWA)	10	10	0	0
Guam Solid Waste Authority (GSWA)	2	2	0	0
Port Authority of Guam (PAG)	2	2	0	0
Telecommunications (TELECOMS)	4	4	0	0

OUR FINANCES

FOR FISCAL YEARS SEPTEMBER 30, 2025 AND SEPTEMBER 30, 2024 (*Amounts rounded to the nearest tenths)

Xerox	5,005	3,560	40.59%
TOTAL: *Amounts rounded to nearest tenth	\$1,203,025	\$887,862	35.50%

ADMINISTRATIVE BUDGET

The administrative budget covers the PUC's Administrative expenses, including staff, office facilities, Commissioner stipends and training, professional fees and other operational expenses. PUC is classified as an independent stand-alone government entity, that is not included in the annual Government of Guam audits. For our most recent financial statements please visit the PUC's website at guampuc.com. Previous PUC financial statements can be found at the Guam Legislature's website at guamlegislature.com

OPERATIONAL EXPENSES

The PUC's operational expenses have two categories and are budgeted and collected as follows:

- General administrative expenses, which are budgeted each fiscal year by the PUC and are divided and assessed among the regulated utilities.
- Regulatory expenses, which include professional and out-of-pocket expenses that are billed to specific utilities under the regulatory dockets assigned to them.

OUTLOOK AND CHALLENGES

FY2025 REGULATORY MATTERS

The highlights in FY2025 were adjudication of Guam Solid Waste Authority [GSWA] rate case in docket GSWA Docket No. 24-04; and the approval of the Guam Power Authority's [GPA] Petitions to reduce the Levelized Energy Adjustment Claus (LEAC) for the period of February 1, 2025 through July 31, 2025 in GPA Docket No. 25-05 and August 1, 2025 through January 31, 2026 in GPA Docket No. 25-13, thereby reducing the average residential ratepayers' monthly GPA bill by approximately \$100.00. In the GSWA rate case, the PUC increased the monthly residential solid waste rate from \$30.00 to \$35.00 in FY2026 and to \$38.00 in FY2027. Residential transfer station rates were also increased; (GSWA had not previously had a rate increase since 2012).

COMMISSIONERS VACANCIES

As of FY2025, the Commission had two commissioner vacancies leaving only five commissioners for FY2026 creating quorum challenges in numerous matters. The PUC strives to secure a quorum in order to comply with its enabling legislation that mandates that any Commission action requires the affirmative vote of at least four Commissioners.

In FY2025, The PUC operated below full staffing capacity while fulfilling its regulatory obligations and managing a substantial volume of increasingly complex matters. This underscores an increase in organizational responsibilities before the Commission, and the extensive scope of the PUC's oversight – encompassing power, water, telecommunications, port operations, and solid waste regulatory and administrative matters – all of which fall within its decision-making authority.
