BUREAU OF BUDGET & MANAGEMENT RESEARCH

OFFICE OF THE GOVERNOR
Post Office Box 2950, Hagåtña Guam 96932

LOURDES A. LEON GUERRERO
GOVERNOR

LESTER L. CARLSON, JR.
DIRECTOR

JOSHUA F. TENORIO
LIEUTENANT GOVERNOR

FEB 02 2026
BBMR Circular No.: 26-04

To: Acting Director, Guam Public Library System
From: Director, Bureau of Budget and Management Research
Subject: FY 2027 Budget Ceiling

As you know, the Governor transmitted the FY 2027 Executive Budget to *I Liheslaturan Guåhan* on February 2, 2026. It includes revenue projections, funding allocations to the various departments/agencies, and other funding requirements. Accordingly, your ceiling level by fund source is part of the Governor's submittal.

Delineated below is your department/agency ceiling level by fund source, as may be annotated. Please prepare your FY 2027 Budget Request based on each ceiling amount using the format and guidelines provided by the Bureau per BBMR Circular No. 26-03 dated December 4, 2025. Additionally, please ensure that your FY 2026 Current and FY 2027 Proposed Staffing Patterns factor in the new salary levels for employees under the 2023 General Pay Plan. Use the government rate of contribution to the Retirement Fund of 30.70% for FY 2027. Additionally, for Vacant / Funded positions (if any), departments are to use the following insurance rates: Medical HSA 2000 Class 2: \$7,215 / Dental Class 2: \$554. Each ceiling amount is for operational requirements, inclusive of local match requirements for federal programs:

General Fund:	\$ 0
Special Fund:	\$ 1,932,072 ¹

Recurring or routine miscellaneous appropriations should not be included in your agency detail budget request, as such appropriations are not part of the budget ceiling level(s).

The Bureau emphasizes the importance of following the guidelines provided in order to facilitate the budget process. It is imperative that we work together to produce a complete and accurate budget within the prescribed timeframe.

Please submit one (1) *original* Department budget request and one (1) CD or USB flash drive with copies of the electronic files (Excel for spreadsheets and Word for narratives). Upon review and clearance by the Bureau, you will be notified to reproduce the required number of copies for transmittal to *I Liheslaturan Guåhan* for their disposition.

Your department/agency budget request is due to the Bureau no later than **Monday, February 9, 2026**. This deadline must be met to ensure timely submittal to *I Liheslaturan Guåhan*. Your usual cooperation is appreciated.

Subject: A Collaborative Opportunity to Strengthen Our Library and Serve Our Community

Dear Esteemed Members of the Executive Management Team,

I hope you are doing well. I want to begin by expressing my sincere appreciation for the care and dedication you bring to our public library. It stands as one of the most meaningful institutions in our village — a symbol of knowledge, opportunity, and community connection.

With deep respect for the library's mission, I would like to humbly present a proposal for your consideration — one that I believe can both strengthen the library and expand its impact in our community.

As we know, staffing limitations have made it difficult for the library to operate on a daily basis. At the same time, the Office of the Village Mayor is in need of space to support its administrative work and growing community programs. In light of this, we respectfully propose a shared-use partnership in which the Mayor's Office would "adopt" the library building for use as office space for the Mayor's Office and his administrative team. In return, the Mayor's Office would assume responsibility for utilities, routine maintenance, and repairs — easing the financial strain on the library.

Beyond maintaining access, this partnership could breathe new life into the building:

- * The regular foot traffic from the Mayor's Office would naturally encourage more residents to visit and utilize the library.
- * The space could serve as classrooms for the Mayor's education initiatives, including GED preparation, Driver's Education, rehabilitative therapy sessions, certification programs, English language classes, Chamoru Language classes and other training opportunities offered by outside agencies.
- * Residents who face transportation challenges would have access to these services right here in the village.

✉ franklin.champaco@mcog.guam.gov

OFFICE OF THE MAYOR
Municipality of Malesso

Franklin J.Q. Champaco, Mayor

* The library would continue to serve as a place of learning — not only through books, but through real-life educational and personal development opportunities.

This proposal is rooted in a simple goal: to make the most of a treasured community space while ensuring it remains active, accessible, and sustainable. It is not about changing the identity of the library, but about protecting it and helping it flourish in practical and meaningful ways.

We truly believe that, together, we can transform the library into an even stronger hub for education, civic engagement, and community growth.

Thank you for your thoughtful consideration and for the work you continue to do on behalf of our village. Your support and guidance would mean a great deal, and we welcome any feedback you may have.

With Gratitude and Respect,
Franklin J.Q. Champaco

IV. NEW BUSINESS

CHAIRMAN FLORES

Welcome and introduces the Honorable Mayor Franklin Champaco of Malesso here to Present a letter and to discuss with the board a Collaborative Opportunity to Strengthen Our Library and Serve Our Community.

Recommendations/Suggestions/Concerns:

- MOU must be in place between GPLS & the Malesso Mayor's Office
- Malesso Mayor and staff to utilize the library for the community in the south especially since the library has been closed for a long time
- Mayor's office has adequate staffing
- GPLS staff to train staff from their office
- GPLS staff to report at least one day a week to the branch
- The need is there along with the justification
- When or if the Mayor's office leaves office and decides to return the building back to GPLS, should be stated in the MOU
- How will it be handled if an employee mishandles any library materials in the facility
- How would this affect GPLS budget requests

IV. OPEN DISCUSSION

DR. RIVERA

Thank you to everyone who assisted at the last story hour held at GPLS on May 2nd.
Next Story time on Saturday at the library & via zoom on June 6th.

The Anao, Yigo native made the big move last year just past his 20th birthday. Considered to be one of Guam's naturally talented young fighters, he's been busy in the Fury promotion, going 3-1 with three first round finishes in just 10 months.

"It's going amazing man," Afleje said. "I feel great – mind, body, and soul feels good. I'm ready to take what's mine and make history, not only for myself but for my family and people of the Marianas."

With a pro card in reach, Afleje has extra incentive in this week-end's fight as Super Typhoon Sinlaku still sits on his mind.

"This fight means a lot to me because I know Guam and the Marianas went through a bad typhoon. I'm also fundraising money through my shirts to help people that got affected by the typhoon," he said.

You can catch Afleje go for the Fury FC belt on the Fury website or UFC Fight Pass. Estimated time to tune in is 5 a.m. Monday.

Project Title: Inaláten I Hinanao-ta (The Sanctuary of Our Journey): Establishing the Dedicated Guam Collection Room and In-House Oral History Multimedia Initiative

The Guam Public Library System (GPLS), request funding for a integrated, two-fold cultural preservation and multi-sensory literacy initiative at the Nieves M. Flores Memorial Library in Hagåtña. Currently, Guam's irreplaceable local books, historical monographs, cultural artifacts, and archival photographs are integrated into the general circulating collection. This widespread exposure puts fragile items at risk of accelerated wear and environmental degradation, failing to honor their unique historical value.

This project addresses this issue through an interconnected, two-fold strategy completely contained within the library:

1. The Anchored Sanctuary (Circulating & Reference Library): The project will isolate and elevate local materials into a distinct, secure, and climate-controlled "Guam Collection Room." The room will feature specialized archival shelving, research furniture, and multimedia equipment. While rare artifacts and fragile photographs will be preserved in secure display cases for in-room reference, the extensive catalog of Guam books will remain a circulating library. Patrons can browse the island's comprehensive history in a focused, culturally resonant environment and seamlessly check out materials.
2. The In-House "Museum in a Box" (Multi-Sensory Oral History Station): To deeply connect patrons to the material, the room will feature permanent, interactive Museum in a Box stations. Rather than operating as a mobile outreach tool, this program stays in-house as a hands-on, multi-sensory learning experience. At its heart, the box is about storytelling—delivering real, lived stories that connect generations and ground visitors in place and time. When a patron places a replica artifact or historical photo on the box, it triggers a localized audio narrative. More than just a method of recording the past, this oral history platform serves as a human act of listening, respecting, and safeguarding the living memory of people and places. It will permanently archive and play back captured interviews, traditional chants, and our Manamko' (elders) telling their stories in their own words.

By bridging static preservation with dynamic, auditory living history, this project ensures that CHamoru culture and Guam's history survive and thrive for future generations.

MEMORANDUM

To: GPLS Board of Directors

From: Director, Guam Public Library System

SUBJECT: REQUEST TO EXTEND HAGAT LIBRARY OPERATIONS

As the new school year begins next week, the Guam Public Library System (GPLS) has identified an immediate need to expand public access to the Hågat Public Library.

The Hågat Public Library currently operates two (2) days per week. However, the demand for library services within the southern community continues to increase, particularly from nearby educational institutions, including Mt. Carmel Academy Charter School and Marcial A. Sablan Elementary School. In the past, these schools rely on the Hågat Public Library as an important educational resource for students, educators, and families.

Additionally, during the FY2027 budget discussions before the Guam Legislature, it was publicly stated during the legislative session that Mt. Carmel Academy Charter School regularly utilizes the Hågat Public Library and expressed its desire to see the library open more than its current two-day schedule. This public testimony further demonstrates the community's need for expanded library services in southern Guam.

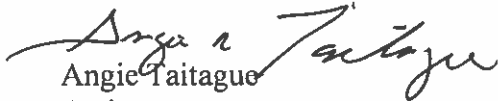

In response to these identified needs, I respectfully request the Board's approval to expand the Hågat Public Library's operating schedule from two (2) days per week to three (3) days per week to be opened from Tuesday – Thursday, effective September 1, 2026.

Expanding the library's operating days will provide greater access to library collections, technology, educational resources, and literacy programming while better supporting local schools and the surrounding community during the academic year.

This proposed adjustment is consistent with GPLS' mission to provide equitable access to library services throughout Guam and reflects ongoing efforts to improve service delivery within existing operational capabilities.

Your consideration and approval of this request are respectfully requested.

Sincerely,

Angie Taitague

IV. DIRECTOR'S REPORT

1. Memo to board requesting to extend the Hagat branch library hours of operation

DR. RIVERA

Supports the request providing the manpower and schedule can support the new hours

DR. STORIE

1. Supports the request. Have any of the senators talk about increasing funding?
 2. How do we justify doing it only for one branch?
 3. If all recruitments were filled will it be enough to open more days a week?
 4. This would be a good conversation to have with the oversight chair.
- Advised Florence to come up with a plan of how many technicians are needed to open all branches 3x/week. Is in full support but foresees this as an opening for the other villages requesting to open the branches more

MRS. MEARS

As long as we don't decrease it from where we are at now opening 2x/week.

CHAIRMAN FLORES

Is in full support, but to consider rolling or alternating other branches to open 3x/week.

DIRECTOR TAITAGUE – RESPONSE TO DR. STORIE

1. No
2. The need is present right now for Hagat because of the schools requesting for it
3. It's possible, but Flo would need to reassess
