Item	Discussion	Responsible Party	Reporting Timeframe	Status
I	Call to Order Chaired by: G. Woodard	Education Member	1512	Called to Order
	Proof of Publication Reviewed and confirmed by G. Woodard: 09/02/2026 and 09/08/2026	Chair		Confirmed
	Roll Call GBNE Members: <u>Virtually Present:</u> ☑Margarita Gay, Chair, Community Health Member ☑Gregory Woodard, Vice-Chair, APRN Member ☑Kathleen Ho, Treasurer, RN Member ☑Ana Joy Mendez, Secretary, Education Member ☑Phillip John Calalo, Executive Officer, Hospital Member <u>Not In Attendance:</u> Charlotte Wu, Public Member Other Attendees: <u>Present:</u> Kaysie Lee, DPHSS/HPLO Johnavin Villa, DPHSS/HPLO <u>Virtually Present:</u> Breanna Sablan, DPHSS/HPLO Camille Cruz, Public Dr. Kevin Hitosis, Public	GBNE		Quorum Established
	Election Of Board Officers: The Board discussed the need to establish new officers following the expiration of the former chairperson's term and noted that the Executive Officer could not simultaneously hold two officer positions. Nominations were opened for chairperson, and M. Gay was nominated and subsequently elected as chairperson. G. Woodard was nominated as co-chairperson, with the Board noting that the co-chair structure would allow the responsibilities of the chairperson to be shared. The Board then discussed the treasurer position, which became vacant because G. Woodard could not hold two positions. Dr. Mendez was initially nominated for treasurer; however, Dr. Ho was subsequently recommended based on her financial experience. The responsibilities of the treasurer were explained as including reporting incoming revenues and considering the financial sustainability of the office, particularly in connection with the ongoing revision of the rules and regulations and the potential			Election of Board Officers Complete

Item		Discussion	Responsible Party	Reporting Timeframe	Status
		impact of future fee increases. After discussion, Dr. Ho was elected as treasurer. The Board proceeded with the election of the secretary and nominated Dr. Mendez for the position. Dr. Mendez was elected secretary. Following the elections, the Board reviewed and confirmed the newly established officers as M. Gay as chairperson, G. Woodard as co-chairperson, Dr. Ho as treasurer, and Dr. Mendez as secretary.			
II	Adoption of Agenda	<i>Motion to Adopt the Agenda Subject to Noted Spelling Corrections: Dr. Calalo; 2nd: Dr. Mendez.</i>	GBNE	1522	Unanimously Adopted,
III	Approval of Minutes	Minutes dated: 08/13/2026 G. Woodard requested a correction to reflect that the treasurer's report was provided and discussed at length, rather than indicating that no treasurer's report was presented. He noted that the discussion of the treasurer's report constituted a significant portion of the previous meeting. <i>Motion to Approve as Amended: G. Woodard; 2nd: Dr. Calalo.</i>	GBNE	1523	Unanimously Approved as Amended
IV	Treasurer's Report	No report	GBNE	1525	No Report
V	Committee Reports	Rules and Regulations (Proposed) The Board continued its discussion regarding the ongoing update of the rules and regulations, noting that the revision process had been initiated by the previous Executive Officers and involved former Board members, Dr. Varghese, who represented the educational board, and B. Manzana. It was emphasized that the rules and regulations should be updated to provide current guidance for the Board, particularly in addressing cases and carrying out the Board's responsibilities. The Board reviewed the working copy circulated on July 29 and noted that the proposed changes concerning APRNs were considered acceptable, while Dr. Varghese was understood to have approved the education-related provisions. Aside from necessary formatting and other obvious corrections, the Board discussed whether the revised rules and regulations were ready to be forwarded to the Legislature, subject to any additional comments or questions from Board members. Dr. Kevin Hitosis was present and had a question regarding the proposed rules and regulations. Dr. Hitosis commended the GBNE members for their time and efforts in updating the rules and regulations, noting that their service is generally uncompensated. He stated that while the draft contained several positive provisions supported by the GNA, including language addressing artificial intelligence in nursing and provisions for criminal history record checks involving the Guam Marshal's Division and the FBI, additional revisions were necessary before the document could be submitted to the Legislature's health committee. Dr. Hitosos raised concerns that the provisions related to the nurse licensure compact and FBI background checks may not be sufficient to permit implementation of multistate nurse licensure and licensure by endorsement in Guam, citing the U.S. Virgin Islands as an example of a jurisdiction where implementation of the compact had been delayed due to similar statutory requirements. He indicated that further research would be necessary to identify the specific deficiency. Dr. Hitosis also identified concerns with the APRN provisions, specifically language concerning	GBNE	1525	Noted

Item	Discussion	Responsible Party	Reporting Timeframe	Status
	protocols and collaborative practice agreements, which he stated was inconsistent with Public Law 34-78 and its provision for full practice authority. G. Woodard acknowledged the concern and indicated he understood the referenced changes had previously been addressed, and wanted to ensure they were reviewing the same version of the document. Dr. Hitosis further recommended that the provisions concerning the fee schedule be clarified before submission, including determining whether authority to establish or modify fees rests with the Board or the Legislature. He concluded that, although the identified issues were significant, they could be addressed through further amendments, and he recommended that the rules and regulations not yet be forwarded to the Legislature until the outstanding provisions were reviewed and revised to support a complete submission. G. Woodard agreed with the concerns raised regarding the rules and regulations, particularly the provisions related to APRN independent practice, supervision, and protocols, which were believed to have previously been removed but appeared to remain in the draft. He requested that Dr. Hitosis provide an email from the organization detailing the identified concerns so that the APRN provisions could be reviewed and corrected. Regarding the fee schedule, the Board sought clarification as to whether the rules and regulations should specify whether the Board or the Government of Guam has authority to establish the fees. It was clarified that the rules and regulations should identify the entity responsible for determining the fee schedule, recognizing that the matter involves multiple components. The discussion was briefly interrupted by a loss of connection, after which the Board requested any additional comments on the matter. Dr. Calalo raised the possibility of considering additional representation on the Board in light of Guam now having two hospitals, including the potential addition of another hospital representative. Dr. Calalo also raised consideration of including CNAs in the Board's membership structure, noting that LPNs were already included and that the matter had also been discussed at the most recent annual meeting. G. Woodard acknowledged the suggestions and agreed that members should review their respective sections of the rules and regulations. He also indicated that the APRN provisions would be reviewed again to ensure that the concerns raised by Dr. Hitosis be properly addressed. Dr. Hitosis proposed that the Commission on Nurse Leaders under GNA assist the GBNE by reviewing the draft rules and regulations and providing recommendations. It was noted that the revision process represented a significant undertaking and that input from the broader nursing community could help identify changes that would be consistent with the interests and perspectives of nurses in Guam. G. Woodard agreed to the proposal, noting that Board membership changes frequently and that the rules and regulations had been undergoing revisions over several years. G. Woodard indicated that recommendations from the Commission on Nurse Leaders would be beneficial and Dr. Hitosis clarified that the proposed assistance would be advisory in nature and would not delegate the Board's authority. The other Board members were given an opportunity to raise objections, and no objections were expressed.			

Item		Discussion	Responsible Party	Reporting Timeframe	Status
VI	Nursing Education	No update	GBNE	1536	No Update
VII	Executive Officer's Report	A. 2026 NCSBN Conferences i. 2026 NLC Commission Annual Meeting and NSCBN Annual Meeting Dr. Calalo reported regarding his attendance at the NCSPN annual meeting, which included information on regulatory board member training, the upcoming implementation of the NCLEX-B examination in February 2027, concerns regarding Operation Nightingale schools, clinical education requirements, artificial intelligence, and APRN substance abuse and medication misuse matters. Dr. Calalo noted that NCSPN offers online training opportunities for new regulatory board members, and coordination was underway with the assigned NCSPN coordinator to make the training available once the organization's website is restored. He reiterated the importance of reviewing and refining the rules and regulations, as these provisions guide the Board in addressing individual cases. Dr. Calalo further reported that the NCSPN annual meeting addressed three categories of Operation Nightingale concerns, including programs that fail to meet an 80 percent first-time NCLEX pass rate for five consecutive years, programs where students obtain diplomas without completing required clinical training, and fictitious schools issuing fraudulent diplomas. Artificial intelligence was also discussed, along with clinical education standards requiring LPN, ADN, and BSN programs to limit clinical simulation to no more than 50 percent of clinical training, with the majority consisting of hands-on experience at clinical sites. Concerns were raised regarding graduates who pass the NCLEX but lack adequate clinical skills. APRN matters involving substance abuse or medication misuse were also discussed. G. Woodard expressed appreciation for the report and encouraged new Board members to attend future NCSPN conferences, noting that conference travel and lodging expenses are covered and that the meetings provide valuable training opportunities. Dr. Calalo noted that approximately 60 percent of attendees at the most recent annual meeting were new board members, highlighting the training value of participation. The Board also discussed the goal of having Board members attend additional conferences in the future. Dr. Calalo concluded the Executive Officer's report with him offering to provide the full report and send additional details from the multi-day conference to those interested in reviewing further.	GBNE	1537	Noted
VII I	Old Business	A. Request to Challenge CNA Exam / Equivalent Licensure Pathway – G. Cepeda The Board discussed the established educational criteria for APRNs, RNs, LPNs, and CNAs under the existing rules and regulations and considered whether an exception should be made based on an applicant's prior work and military experience. It was noted that, to the Board's knowledge, no previous exception had been granted to allow an individual to use work experience in lieu of the required CNA educational coursework. A review of prior Board meetings was referenced, which confirmed that the Board had not previously encountered a CNA applicant	GBNE	1543	Unanimously Dissapproved

Item		Discussion	Responsible Party	Reporting Timeframe	Status
		seeking to bypass the required CNA classes based solely on prior experience. The Board discussed the importance of consistently applying the established requirements and expressed concern that making exceptions could undermine the purpose and consistency of the rules and regulations. Based on these considerations, a motion was made not to allow G. Cepeda to take the CNA examination based on the stated rationale. <i>Motion to Disapprove: G. Woodard; 2nd: M. Gay.</i>			
IX	New Business	A. Foreign Credential Evaluation Providers The Board discussed the current requirement under its rules and regulations to use TrueMerit, formerly known as CGFNS, for the evaluation of international educational credentials, including academic credits and courses completed outside the United States. Two additional credential evaluation organizations, Evaluation Company and Educational Records Evaluation Services, had inquired about being authorized to provide similar services. The Board clarified that there were no concerns regarding the continued use of TrueMerit and noted that it is widely used by NCSBN and other jurisdictions; however, the current rules and regulations, which have specified CGFNS since approximately 2005 or 2006, do not provide for the use of other evaluation organizations. The Board discussed whether the two additional organizations could be incorporated into the rules and regulations and noted that all three organizations were included on an NCSBN-related list, although individual jurisdictions retain discretion regarding which credential evaluation services they accept. The Board emphasized the importance of ensuring that international applicants meet appropriate educational requirements and that credential evaluations adequately protect the public interest. It was agreed that the two additional organizations should first be contacted and evaluated before the Board takes formal action. The matter was therefore tabled and will be placed on the agenda for a future meeting for further consideration and a potential vote to amend the rules and regulations. <i>Motion to Table to Next Meeting: Dr. Ho; 2nd: G. Woodard.</i>	GBNE	1546	Tabled, to Next Board Meeting
		B. Notice of Provider Separation The Board reviewed a complaint submitted by a clinic provider concerning a former APRN-NP employee and the employee's separation from the clinic. The provider requested that the Board recognize that the APRN was no longer employed by or affiliated with the clinic. The Board noted that the provider's written notification could be used to update the appropriate records and flag the APRN's status; however, the Board also determined that it was necessary to assess whether the matter involved a legitimate nursing regulatory concern, including whether the APRN had abandoned the practice site without prior notice. The Board discussed the distinction between patient abandonment and an employer-employee dispute, noting that allegations of abandonment can vary significantly depending on the circumstances and whether patient harm or an unsafe practice occurred. It was emphasized that the Board's primary responsibility is to protect the public from unsafe nursing practices rather			Motioned to Send Letter to the Complainant for Evaluation

Item	Discussion	Responsible Party	Reporting Timeframe	Status
	than adjudicate employment disputes. The Board noted that the APRN had not yet provided a response to the abandonment allegation and agreed that the APRN should be contacted and given an opportunity to respond to the complaint before the Board proceeds further. The Board acknowledged that there are two sides to the matter and discussed the importance of obtaining the APRN's response. A motion was then made to send a letter to the APRN who was the subject of the complaint requesting a response to the allegation. <i>Motion to Send a Letter to the Complainant for Evaluation: G. Woodard.</i> C. Duty to Report The Board reviewed a case involving a former nursing supervisor at a public hospital who had been served with adverse disciplinary action following an alleged violation of HIPAA related to the sharing and transmission of protected patient information, including an EEG result, without following applicable privacy policies. It was clarified that the HIPAA violation remained an allegation and had not been established as a finding of misconduct. The Board discussed the facility's duty to report such incidents under the Board's rules and regulations and noted that the reporting requirement concerns notification that an incident occurred rather than a determination that the nurse was found guilty. The Board acknowledged receipt of the required report and determined that no further action by the Board was necessary at that time. The Board also discussed the facility's response to the incident and noted that the organization strengthened its security measures and required all staff to complete HIPAA compliance retraining and education within a specified timeframe, with failure to comply subject to disciplinary action. It was further noted that the former nursing supervisor had stepped down from the supervisory position following the incident. The Board acknowledged that the matter had been appropriately addressed by the institution and expressed that such corrective action was consistent with the organization's responsibility to address privacy and compliance concerns. D. GCC Waiver The Board discussed the annual renewal of the waiver allowing BSN-prepared faculty to provide clinical instruction in the GCC ADN program due to the limited availability of MSN-prepared or higher-qualified faculty. It was clarified that the waiver permits MSN-prepared or higher-qualified nurses to teach theoretical courses and BSN-prepared nurses to teach clinical courses, provided the BSN-prepared faculty have at least four years of relevant teaching and clinical experience and experience in the specialty in which they provide instruction. The Board confirmed that the waiver is renewed annually and that GCC had requested another renewal. The discussion also addressed GCC's efforts toward future accreditation and the continuing difficulty in recruiting and retaining MSN-prepared or higher-qualified nursing faculty. The Board considered the importance of maintaining appropriate educational standards while allowing GCC sufficient faculty resources to continue its ADN program. It was noted that GCC's ADN program is not currently accredited, but that the program is subject to a five-year evaluation			Noted Approved One Year with Site Visit Needed Prior to Next Year's Approval

Item	Discussion	Responsible Party	Reporting Timeframe	Status
	period, including review of its NCLEX performance and ability to maintain an 80 percent or higher first-time NCLEX pass rate, as well as its capacity to provide adequate faculty and clinical instruction. The Board discussed GCC's plans for pursuing accreditation and recognized the need to balance accreditation standards with the current shortage of qualified nursing faculty. A motion was initially made to approve GCC's waiver for an additional year, and the motion was seconded. The Board then discussed conducting a site visit to evaluate the program's theoretical classroom and clinical components, consistent with recommendations concerning programs pursuing accreditation. It was proposed that the site visit include the ADN program and, if feasible, the OPN program as well. The Board clarified that the entire Board would not be required to participate and that the Executive Officer, education representative, and at least one additional Board member could conduct the visit. Because the existing waiver was scheduled to expire at the end of the month and GCC had already begun classes, the Board discussed the potential for a site visit requirement to delay the program if it were required before approval. It was therefore agreed that the waiver could be approved while requiring a site visit before the next annual waiver approval, with the understanding that the waiver could be subject to further action if significant discrepancies were identified. Dr. Ho then made a motion to approve the GCC waiver for the upcoming year and require a site visit involving the Executive Officer and available Board members, with the site visit to be completed before consideration of the waiver's next annual renewal. The motion was accepted for a vote. <i>Motion to Approve for One Year with a Site Visit Needed Prior to Next Year's Approval : Dr. Ho; 2nd: Dr. Mendez.</i> E. Pending Applications The Board reviewed two pending CNA certification applications involving traffic-related violations. One applicant had a DUI-related violation and was reportedly required to attend Alcoholics Anonymous (AA) meetings, while the other applicant was involved in a domestic dispute with a boyfriend that resulted in a traffic-related incident in which the parties nearly collided. It was noted that neither applicant had experienced additional traffic-related violations and that the incidents did not occur in the course of bedside practice, although the Board discussed the potential safety implications of such conduct. The Board discussed conditionally approving the application involving the DUI, subject to the applicant submitting evidence of attendance at an AA meeting. A motion was made to conditionally approve the applicant's licensure with the requirement that proof of AA attendance be submitted to the Board. <i>Motion to Conditionally Approve First Applicant Pending Submission of Proof of Attendance of an AA Meeting: G. Woodard; 2nd: Dr. Ho.</i>			Conditionally Approved First Applicant Pending Submission of Proof of Attendance of an AA Meeting Unanimously Approved Second Applicant

Item	Discussion	Responsible Party	Reporting Timeframe	Status
	Regarding the second applicant, the Board determined that the incident appeared to be a domestic matter between the individuals and did not warrant further Board action based on the information presented. A motion was made to approve the applicant's license. <i>Motion to Approve 2nd Applicant: G. Woodard; 2nd: Dr. Ho.</i>

Softball

Continued from Page 23

In the final 'if' game for the title, the Friars best Team Hero's from Nebraska 18-14.

Sindalun Guahan came in fourth place out of 10 teams.

Men's 55+ AA

The Friars 671 came in third place out of seven teams.

Women's 40+ AA

Team Sotta took top honors with Team Isla coming in second. Li hen Pohnpei, representing the FSM, came in third place out of four teams.

Women's 55/60+

The Mighty Isla squad took 2nd place out of seven teams.

Congratulations to all the Guam teams representing in the Senior Softball World Championships.

Team Isla – 2nd place women's 40+ AA

GUAM SPORTS NETWORK

Walk

Continued from Page 23

\$25 and \$100 to register, respectively.

Cruz said 50% of proceeds from the event will be donated to Autism Community Together, a local nonprofit organization.

There are 13 checkpoints along the way for participants to rest and get water.

Northern checkpoints:

• American Grocery in Yigo

• Co-Op store in Dededo

• RYZE in Upper Tumon

• Wise Owl in Tamuning

• Cindy's Pub in Hagåtña

Southern checkpoints:

• Tepungan Beah Park

• Infusion Sumay

• Hagat Mayor's Office

• Nimitz Beach Park

• Cetti Bay Overlook

• Fort Nuestra Senora de la Soledad

Cruz added that there are some additional checkpoints set up by community partners, such as the Yigo Mayor's office volunteering to run four water stations along the route in Yigo.

"The way we're structuring it is somewhat subjective ... It very much depends on the person. I always tell the participants, whether it's 10 minutes or 10 miles, every step matters

to pushing to achieve our mission. Our mission is to make Guam a place where every mind belongs," Cruz said.

There will be a shuttle service for participants, including at least two 15-passenger vans, Cruz added.

Those beginning at Andersen will meet at Micronesian Mall and be shuttled to the front gate. The shuttle will also drive participants from whichever checkpoint they finish at back to wherever they parked.

"We encourage supporters to come by, cheer us on. If they want to donate, we'll be able to accept cash donations at these checkpoints as well," Cruz said.

Cruz included on the Off

the Spectrum Instagram the estimated time of arrival for each checkpoint and a difficulty level for each segment. He said this is meant to tailor the walk to "get everyone involved," from athletes to parents and manamko'.

The Instagram page is likely where the walk will be live-streamed, Cruz added, but he may also create a Facebook account for Off the Spectrum to stream it there. Throughout the livestream, he said people will talk about important topics that "really resonate with the autism community" as they make their way down to Malessos'.
