Hafa Adai,

Please be advised that Deputy Director, Glenn Takai, has been designated to serve as Acting Director during the absence of Director Chelsa D. Muna, effective from October 19, 2026 through October 27, 2026.

We kindly ask that you extend to them the same respect, support, and consideration you would normally offer to our Director during this time.

Please find the attached Memorandums for your reference. If you have any questions, please let me know.

Your message to DOAG_ALL@doag.guam.gov couldn't be delivered.

The group DOAG_ALL only accepts messages from people in its organization or on its allowed senders list, and your email address isn't on the list.

speakerblas	**Office 365**	**DOAG_ALL**
Sender		**Action Required**
		Sender not allowed

How to Fix It

It appears you aren't in the same organization as the group (or a sub-group) you're sending to or your email address isn't on the group's allowed senders list. Ask the owner of the group to grant you permission to send to it, and then try again. If the group belongs to a different organization than yours, contact the organization's customer service department for assistance. If the group is in your organization and you don't know who the group owner is, you can find it by doing the following in either Outlook on the web or Outlook:

- Open your Sent folder and select the original message.
- If you're using Outlook on the web, select the group name located on the To or CC line. If you're using Outlook, double-click the group name located on the To or CC line.
- In Outlook on the web, from the pop-up dialog box, choose Owner. In Outlook, choose Contact. The owner's name is listed

under Owner.

The owner of the group may have intentionally chosen to restrict who can send messages to it, and they may not want to adjust the existing restriction. In this case, you'll have to contact the group members by some other means, such as sending an email message to their individual email addresses or contacting them by phone.

Was this helpful? Send feedback to Microsoft.

More Info for Email Admins

Status code: 550 5.7.133

This error occurs when the distribution group, security group, or Microsoft 365 group is configured to accept messages only from authenticated senders (senders in the same organization or those added to the group's allowed senders list).

To fix the issue, the recipient's email admin or the group owner must add the sender's email address to the group's allowed senders list or change the group's delivery management setting to accept messages from senders inside and outside of the organization.

Usually this issue can only be fixed by the recipient's email admin or the group owner.

For more information and steps to fix this error, see Fix email delivery issues for error code 5.7.133 in Office 365.
