It has been approved by the Director, and the team have their assignments to meet the grant deliverables, so it is important that full compliance be met with all IMLS requirements.

JENELLE CRUZ

Reiterating to the board the importance of the grants management team and the purpose of everyone’s assignments is to have a good evaluation that gives us a better chance applying for the next round.

CHAIRMAN FLORES

Can hardware be purchased with this grant under technological advancement? We can be very strategic with our procurement. Suggests to use an evaluation tool for CBOs that can follow something more similar to the qualitative aspect.

DR. STORIE

Regarding evaluation methods, is there a quantity that we are looking at in terms of the goals? Is there a number or percentage for which you are shooting? Suggests to come up with a quantitative as well as a qualitative, offering several examples. Take notes on what you are seeing happening or comments that are coming in.

JUNE AFLAGUE (responses)

June Aflague’s reply to Chair: Yes, that is on the team to determine what the patron’s needs are to proceed with that type of procurement.

June Aflague's reply to Dr. Storie: (as an example)...Yes, this can be done based on what the PCs program plan is.

**DIRECTOR'S REPORT FOR GPLS BOARD MEETING
WEDNESDAY, JANUARY 8, 2025, 4PM**

**1. ESTATE OF MARK MARTINEZ – STATUS UPDATE
(copy of email provided to board)**

Jeffrey Moots 12/24/2024

to me, Leslie

Ms. Taitague,

The Library System would either need the AG to file something on the Systems behalf to open the probate of the will if it was not being probated or file a claim in the probate case. If the AG would not do so then the System would have to do a procurement to retain an attorney to do that on your behalf. If the AG declined to represent you then you would be able to retain an attorney.

Before undertaking the procurement of an attorney it would be wise to determine the value of the bequest to see if you would be receiving sufficient funds to pay the attorney and still benefit the System.

Jeff Moots

**2. GPLS ARCHIVAL GRANT – STATUS UPDATE
(copy of email provided to board)**

Happy New Year and Hafa Adai Ms. June!

I only have a short update for you regarding the GPLS Digital Archive at the moment:

Our GSC Administrator and I are still finalizing the details for the MOA to get things moving with our University of Guam University Libraries, with whom we are planning to contract out the archive services.

We are looking to make this process as simple as possible for GPLS with a bulk of the heavy lifting to be done by the sub contractee. We do have the No Cost Extension approved from DOI, possibly through 2026 should we continue to make adequate progress. I hope this will be enough for your update for your board meeting. I also have a report due to DOI at the end of the month, so I will include you in our communications and will be sure to share a copy of the report with you.

I can be reached at [REDACTED] but will be back in the office this afternoon after a meeting. Have a safe day and I will be in touch soon,-Natalie – GSC

Unfortunately, there is none to provide. Actually there never was, and this was something the former director kept saying was with GSA.

Your email reply will suffice.

Thanks again Ryan.

Subject: VERIFICATION FROM GSA ON THE PROCUREMENT FOR THE GPLS INTERNET CAFE

Good morning GSA,

Please advise if the library (GPLS) has anything pending OR has had anything pending with GSA regarding the procurement on the use of our Internet Cafe here at the Hagatna library. The former director Kris Seerengan provided updates to the board at several meetings that the procurement is pending on GSA's side.

I do have my last notes on the discussion I had with Anita Cruz on Jan 20, 2022 with her guidance, but the director advised otherwise to our library board.

Kindly confirm and Thank you.

Happy New Year and Hafa Adai Ms. June!

I only have a short update for you regarding the GPLS Digital Archive at the moment:

Our GSC Administrator and I are still finalizing the details for the MOA to get things moving with our University of Guam University Libraries, with whom we are planning to contract out the archive services.

We are looking to make this process as simple as possible for GPLS with a bulk of the heavy lifting to be done by the subcontractee. We do have the No Cost Extension approved from DOI, possibly through 2026 should we continue to make adequate progress. I hope this will be enough for your update for your board meeting. I also have a report due to DOI at the end of the month, so I will include you in our communications and will be sure to share a copy of the report with you.

I can be reached at [REDACTED] but will be back in the office this afternoon after a meeting.

Have a safe day and I will be in touch soon,
-Natalie

Hafa Adai! Mr. Chairman and Members,

I have received clarification from the Governor's Legal Office what GPLS would have to do in order to receive the late Mr. Mark Martinez Will. Please see his response below in red.

Jeffrey Moots

to me, Leslie 

Ms. Taitague,

The the Library System would either need the AG to file something on the Systems behalf to open the probate of the will if it was not being probated or file a claim in the probate case. If the AG would not do so then the System would have to do a procurement to retain an attorney to do that on your behalf. If the AG declined to represent you then you would be able to retain an attorney.

Before undertaking the procurement of an attorney it would be wise to determine the value of the bequest to see if you would be receiving sufficient funds to pay the attorney and still benefit the System.
