ABOUT US

At Mount Carmel Academy Charter School, our curriculum is founded on Project-Based Learning (PBL), where students learn through meaningful, real-world projects that integrate performance, competition, and reward. Strengthened by the Socratic Method, our classrooms promote critical thinking, inquiry, and open dialogue—empowering students to explore ideas deeply.

We proudly uphold what makes us unique as a Charter—Music, Martial Arts, and Spoken Chamoru. Together with Expected School-wide Learning Results (ESLRs) these programs nurture creativity, discipline, and pride while promoting teamwork, and identity rooted in Mount Carmel School's heritage.

Mount Carmel School is fully accredited by the Western Association of Schools and Colleges (WASC) through June 2027, affirming the school's commitment to high academic standards and continuous improvement.

Tradition, Heritage, Spirit, & Pride!

VISION

Mount Carmel School envisions a future where every student is equipped with real-world skills, creativity, and character to thrive in and out of the classroom. Through innovative programs such as the MEERA Engineering initiative, Martial Arts, Music, and Spoken CHamoru, our students gain hands-on experience in technology and the arts—building confidence, discipline, and leadership. With dedicated faculty and continued growth in facilities and instruction, Mount Carmel School remains committed to developing well-rounded learners prepared to excel academically, culturally, and socially in both local and global communities.

GOALS

1. Achieve high academic standards through rigorous instruction and project-based learning across all grade levels.
2. Continue to build on the Music and Spoken CHamoru program to improve proficiency.
3. Expand Martial Arts Program to prepare students to compete in local and international tournaments.
4. Integrate the Industrial Arts (MEERA) program into Mount Carmel's curriculum providing students with hands-on experience in robotics, welding, additive manufacturing, and CNC programming—equipping them with real-world technical skills and preparing them for future careers in engineering, technology, and the industrial workforce.

Total:	326

ACADEMIC PERFORMANCE

Mount Carmel Schools instructional model is centered on our ESLRS's focusing on PBL, which emphasis on hands-on, real-world projects, collaborative problem-solving, and critical thinking. Student learning and progress are measured through teacher-designed assessments, performance tasks, portfolios, presentations, and reflective activities. These assessments provide evidence of student mastery and proficiency levels and allow teachers to identify individual learning needs, tailor instruction, and support each student's growth.

MOUNT CARMEL SCHOOL

Expected School-Wide Learning Results

HOW WE LEARN

6 Steps to Proficiency

1 GOAL

- Why beneficial and needed? • Relevance in real life?
- Community? • Experience level and importance?
- Describe final proficiency?

2 PROJECT

- Why this? • Relevant/Connected?
- Community? • Prep/ Performance Time?
- Related Subjects?

3 COMPETITION

- Format/Rules • Foundational?
- Historic? • Intensity Level?
- Experience?
 - Participation?
 - Engagement?
 - Judging/Criterion
 - Pre-Contest Promotion, Motivation and Advertising

4 AWARDS

- Internal/External Recognition • Prizes

5 DOCUMENTATION/RECORDING

6 EVALUATION

- Student Review (post project/competition)
- Effectiveness
- Proposals
 - Improve student prep, performance and experience.
 - Improve project and/or modify goal.
 - Proficiency validation in community.
 - Student/Teacher evaluation of project and event compared to listed intent and importance.

"I hate to lose!"
- Destiny Castro

"Tell me and I forget. Teach me and I remember.
Involve me and I learn."
- Adolph P. Sgambelluri

"Mastery results from repeating proficiency."
- Mike Phillips

Interest Expense	89,497.00
Total Expenses	2,332,889.42
Net Income	149,606.00

FUTURE OUTLOOK

As Mount Carmel School continues to advance its mission, the upcoming school year promises even greater opportunities for growth, excellence, and achievement.

Department of War Award: Mount Carmel School continues to lead the way in educational innovation as the first school in Guam selected by the Department of War to integrate the Manufacturing and Engineering Education Reimagined for All (MEERA) program into its curriculum. Our students in grades 3–6 will gain hands-on all-encompassing experience in robotics, welding, additive manufacturing, and computer numerical control (CNC) programming. The program is designed to build a pathway for students to enter the industrial workforce. This award (over \$155K) covers the initial cost of equipment, sustainable costs and the cost to train teachers for this program.

Martial Arts: Mount Carmel School will continue to build on the success of its distinguished Martial Arts Program. In the coming year, we will prepare our students to represent the school in local and international martial arts competitions, including the Marianas Open, striking exhibitions and opportunities to represent Mount Carmel on the international arena.

Music: The Music Department will build out our drum room and expand by acquiring more music equipment for our students. We also plan to update our stage and audio systems to host bigger concerts and events at the school. The Music Department will also expand its reach with student band performances in island-wide and interschool festivals and events, further strengthening the school's cultural and artistic presence throughout the community.

Spoken Chamoru: Our students will demonstrate their proficiency through participation in the 2026 CHamoru Language Competition as well as local cultural competitions, honoring our island heritage and celebrating the richness of our native language.

Faculty: SY2025-26 will focus on expanding our faculty to continue to build upon recruitment of Chamoru instructors, Martial Arts Instructors and Music Instructors to maintain the standards of proficiency in these areas. In addition, we will continue to invest in our current faculty by providing Professional Development and learning opportunities to build upon skills and enhance PBL learning and implementation across all grade levels.
