*Håfa Adai* Mr. Speaker,

Bill No. 183-38 (COR) extends the deadline for the Guam Customs and Quarantine Agency (CQA) to allow more time to develop the Customs Stateline Inspection, Holding, and Secured Sterile Facility under Public Law 34-112. This project has taken several years and remains essential for Guam's border security and defense against illegal drugs, contraband, and invasive species.

Since the Legislature first designated property in Piti for use by CQA in 2018, the project encountered many setbacks, including constraints on funding, designs and logistic requirements, and the need for coordinated planning with federal partners. The extension granted in 2021 has given the agency more time, but work is still ongoing. The establishment of the Container Inspection Facility Working Group in 2024 has consolidated planning, identified operational needs, and explored financing options. However, more time is needed to finalize the facility layout and secure the resources required for construction.

In recognizing the importance of completing this project, Bill No. 183-38 (COR) assures that CQA will not lose access to the property while crucial planning and financing efforts are ongoing. A modern inspection and sterile facility is necessary to protect our community from contraband and our natural resources from invasive species.

**AN ACT TO *AMEND* SECTION 2(b) OF PUBLIC LAW 34-112, AS AMENDED, RELATIVE TO SUPPORTING THE GUAM CUSTOMS AND QUARANTINE AGENCY'S ONGOING EFFORTS TO DEVELOP THE CUSTOMS SATELLITE INSPECTION, HOLDING, AND SECURED STERILE FACILITY.**

**BE IT ENACTED BY THE PEOPLE OF GUAM:**

**Section 1. Legislative Findings and Intent.** *I Liheslaturan Guåhan* finds that Public Law 34-112, enacted on July 17, 2018, authorized the Guam Customs and Quarantine Agency (CQA) to utilize a portion of Parcel 1-3 in the Municipality

1 of Piti for developing and constructing a Customs Satellite Inspection, Holding, and  
2 Secured Sterile Facility. Public Law 34-112 required the property to revert to the  
3 general jurisdiction of the Government of Guam if it remained undeveloped for three  
4 (3) years following enactment. Recognizing the challenges faced by CQA in  
5 developing the facility, the Guam Legislature in 2021 approved and the Governor of  
6 Guam subsequently adopted Bill 58-36 (COR) as Public Law 36-12, providing CQA  
7 with an additional five (5) years to establish the Customs Satellite Inspection,  
8 Holding, and Secured Sterile Facility.

9 *I Liheslatura* further finds that based on information provided by CQA at the  
10 request of the Committee on Public Safety, Emergency Management, and Guam  
11 National Guard, a Container Inspection Facility (CIF) Working Group was  
12 established in 2024. The CIF Working Group is responsible for overseeing all facets  
13 of the project, including facility design, operational needs, equipment, and future  
14 growth of the agency, as well as exploring all reasonable financing options to fund  
15 facility construction and sustainability.

16 With the amended deadline of July 2026 quickly approaching for CQA to  
17 utilize Government of Guam property pursuant to Public Law 34-112, *I Liheslatura*  
18 finds it necessary to provide the agency and CIF Working Group with additional  
19 time to secure financing options and finalize facility layouts and cargo flow plans.

20 Accordingly, *I Liheslaturan Guåhan* supports CQA's ongoing efforts to  
21 develop the Customs Satellite Inspection, Holding, and Secured Sterile Facility  
22 consistent with the provisions of Public Law 34-112, as amended. Through this Act,  
23 *I Liheslatura* recognize the importance of establishing such a facility to help the  
24 Government of Guam and Federal law enforcement entities protect families in our  
25 U.S. Territory against the illegal movement of weapons, drugs, and other  
26 contraband, and invasive species which continue to threaten Guam's natural  
27 resources and those of the vitally important ecosystems in Micronesia.

1       **Section 2.** Section 2(b) of Public Law 34-112 is hereby further *amended* to  
2 read as follows:

3               “(b) If the property is not developed into a functioning Customs  
4 Satellite Inspection, Holding, and Secured Sterile Facility Area within ten (10)  
5 years from the date of enactment, July 17, 2018, administrative jurisdiction of  
6 GCQA shall expire and the property shall revert to the general jurisdiction of  
7 the government of Guam.”

8       **Section 3. Effective Date.** This Act shall become effective upon enactment.
